Dedication

The recipients for the Yellow Jacket dedication were announced at the awards assembly by Irene Faber, Editor-in-Chief of the annual. They were Coach Marty Criswell and Dr. Mike Raleigh.

Coach Criswell helped the varsity football team climb from a 2-8 record last year to a 7-3 record and inspired the Jackets to victory over Sherman which put the Axe back in our

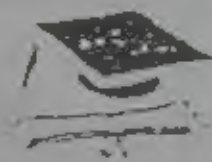

trophy case for the first time since 1968.

Dr. Raleigh has also been a credit to Denison High. New uniforms and some new instruments for the Band, Color Guard, Rifles, and Drum Corps added to the pride the performers have in their musical abilities.

They found that success was possible and they strived to reach such a goal. Congratulations, Coach Criswell and Dr. Raleigh.

Winning Spirit Starts Jackets "On Our Way Up"

The 1982-83 school year has been nothing but success. With the help of Coach Marty Criswell the coaching staff and hard work and dedication of the players, the varsity football team ended the season with a 7-3 record, that is quite a change from the 1982 record of 2-8. And with the better record came "Ye Old Battle Axe," something this school hasn't seen since 1968. Shannon Stewart expresses her thoughts of the Sherman — Denison game like this:

Jackets — 28, Bearcats — 10

The bleachers were filled that fateful night;
The stadium lights were burning bright
Thoughts of victory filled the crowd
Causing many to cheer out loud.
The Jackets took the field and the Bearcats, too.
The latter bringing many hisses and boos.
Our Jacket team won the toss,
Just one small step toward the Bearcat loss.
The kick was off. We ran it back
For the very first play of the Jacket attack.
Sherman was happy to be the first to score —
Little did they know what was in store.
We went into the half, Sherman — 10, Denison — 7.
Those Bearcats thought they were in football heaven.
It seemed the refs were on their side
Until Sherman clips became too hard to hide.
That's when Denison began to win.
We scored a touchdown;
Denison — 14, Sherman — 10.
By the fourth quarter, the Jackets were hot —
Determined to win, they would not be stopped, there
were smiles on our faces as we cheered them on.
For we knew the Axe was coming home.
Our Jackets scored again and again.
The final score — Jackets — 28, Bearcats — 10.

The baseball team won second in district. Vincent Moore broke the school record for high jump while the track teams had more regional qualifiers than in past years. Color Guard won their first trophy for Outstanding Color Guard. The drill team found that long hours of work and preparation paid off when Stingerettes won Sweepstakes at summer camp. Students scored, on an average, higher on TABS tests and ASVAB tests than students have in previous years. UIL winners did extremely well this year. Denison placed second in district with 128 points beating Sherman, Denton, Weatherford, and Wichita Falls. Greg Stewart and James Brown won first in state for Industrial Coop Training in April. This is just a partial account of this years students' accomplishments. Everybody can take credit for the success of this school year. It was not just outstanding names and faces but the contribution of every Yellow Jacket. This year was only the beginning. There is no place to go but up. And that is where we are heading, "On Our Way Up!"

Go, Fight, Win! — Irene Faber was a Senior Spirit Leader for pep rallies in football season.

Up, Up, and Away! — We really are "On Our Way Up!" This photo was taken on Senior Day.

Let's go fishing — John Mark Jennings shows his fishing talent during Mr. Wonderful held in March.

Get set ... — The Denison track team climbed the ladder of success this year.

That-a-way — Varsity cheerleaders performed many different skits during pep rallies.

Homecoming Draws Crowd

The Yellow Jackets had one of the best seasons in recent years and thousands flocked to Munson Stadium for the '82 Homecoming game.

Evening activities began with the parade at 5 p.m. Sweethearts and escorts changed from formal wear to street clothes and headed for the stadium for yearbook pictures. The pre-game presentation and halftime crowning of the queen were followed by a gala dance sponsored by the Student Council.

All Smiles ... Sherry Wheeler, Baseball Sweetheart, is all smiles as she rides down Main Street in a classic Excaliber sports car. This photo was taken from atop the Texas-American Bank.

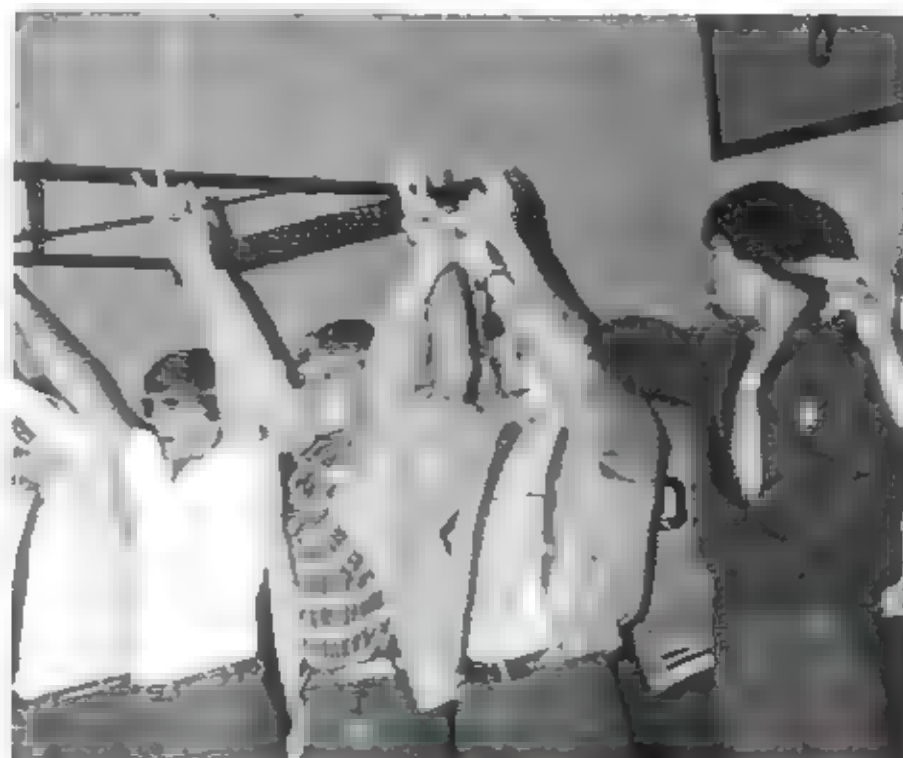

Earlier in the day, the flag corps performed for the homecoming assembly with the queen nominees honored and sweethearts introduced. (top).

Riding High ... Theresa Fleming rides in the Homecoming parade on the roof of an Oldsmobile supplied by Quality Used Cars. Theresa was a Homecoming Queen finalist and a varsity cheerleader during her senior year.

"Just a Swangin" ... Pat Ford, a Homecoming Queen finalist, waves at friends as she rides down Main Street during the parade.

Hail To Thee ... Jerry Remboldt, Steve McGraw, David Englutt, Gary Sheilds, and Rodney Auten sing the Alma Mater at the pep assembly.

Human alphabet — Tracy Boss, Danelle Johnson, Tangee Rucker, Elise Martindale spell out Jackets on the floor at the Sherman pep rally. The final

football pep rally is the scene of the traditional changing of the classes when the Seniors march to the gym floor for the alma mater.

Winners — Varsity cheerleaders say, "Let's get it up high for DHS." Principal Tom Paris accepts the

cheerleader's awards from camp as they perform a stunt (opposite).

Rah Rah Rallies

Football season brought more success than in the past years, and pep rallies reflected the spirit and enthusiasm that goes with a winning attitude. The combination of stage band, cheerleaders, and spirit leaders helped to radiate spirit throughout the entire season. Even after the Sherman-Denison game, Spirit lingered in the halls for weeks with victory over the Bearcats.

There's a Jacket — Cheerleaders pump up spirit with skirts (above) and props representing the dreaded Denton Bronco being stung by the fighting Yellow Jacket. All squads joined in a gigantic stunt (right). A combo of ~~Forrest Mayberry~~ Todd Hartsell and Scott Calhoun kept the gym hopping on Fridays.

I Won — Sophomores Chad Linsteadt and Amy Bullock are excited about being named Duke and Duchess of the 1982 Neewollah royalty.

It's great to be a King or Queen — Seniors Craig Blanton and Donna Shelton are the new reigning king and queen of Neewollah.

Who Me? I Won — John Mark Jennings and Becky Listvan are announced as the Prince and Princess of Neewollah. They are the junior class winners this year.

GREG JACKSON

Neewollah stalks Halloween Royalty for Project Funds

Every year the Den-teen organization sponsors a money making contest. Through the Neewollah contest, Den-teens can raise funds for such activities as the winter formal, the Mother-Daughter Banquet, the Father-Daughter Picnic, and the Christmas Project. This year the Den-teens want to go to the Senior Citizens Center and take gifts and sing carols to the elderly.

The Way We Were — Marva Lewis, senior, sings her way into the hearts of the audience by dedicating her song to the Senior Class.

Together — Tammy Lattimore and Nathan Johnson sing the song "Together" which Nathan wrote.

Maybe Tomorrow — Elaine Rainwater, Danelle Johnson and Elise Martindale perform

a song from "ANNIE" entitled "Maybe". Talent for the show was selected through auditions.

Fine Arts Presents "Scrooge" for 1983

When the fine arts department decided to put on "Scrooge" Mr. Roger Hanson, the head of the department, said he did not know if the musical would be as fun as the ones in previous years or not. The cast seemed to agree that it was as fun, if not more so. "Scrooge" was a success financially as well, according to Mr. Hanson. The one-act musical was presented on December 20. Mr. Hanson, Mrs. Sylvia McBrayer, and Mr. Jerry Pedersen directed.

Final Touches? ... Cindy Green seems to be applying some paint to Nat Johnson's hair.

Gala Party ... These cast members look like they are having a good time. This is the opening scene from Scrooge where all the characters are in-

troducted. Shown are Paula Lindsey, Angie Radford, Nat Johnson, Beth Hunter, Cindy Green, Dea Bush, and Danelle Johnson.

E. J. Thompson Is Bad ... E. J. Thomson surveys the stage as his character Scrooge.

BooOOooOO ... Tracy Mitchell yells out his terrifying screams at Scrooge during a scene.

I'm So Excited ... Cindy Green is all smiles as she picks out gifts for Christmas in this scene.

Terrible Towel — Kevin Hunt and the Jackets displayed the symbol of the Jacket determination, the gold and black towels. The gym was plastered

Sherman Week Ends Season

Sherman Week 1982 style was full of activities to help raise spirits as the Jackets went into battle for the axe.

Monday was "hats off to the Jackets" day. Students wore hats to school and tipped them to the varsity players.

Tuesday was "Jackets are red hot" day. Fans wore red.

Wednesday was "Sherman is no sweat" day and students wore sweat suits to school.

Thursday was "shade day." Jackets wore shades showing their intention to "put the Bearcats in the shade."

Friday was "Black and Gold" day when everyone wore school colors.

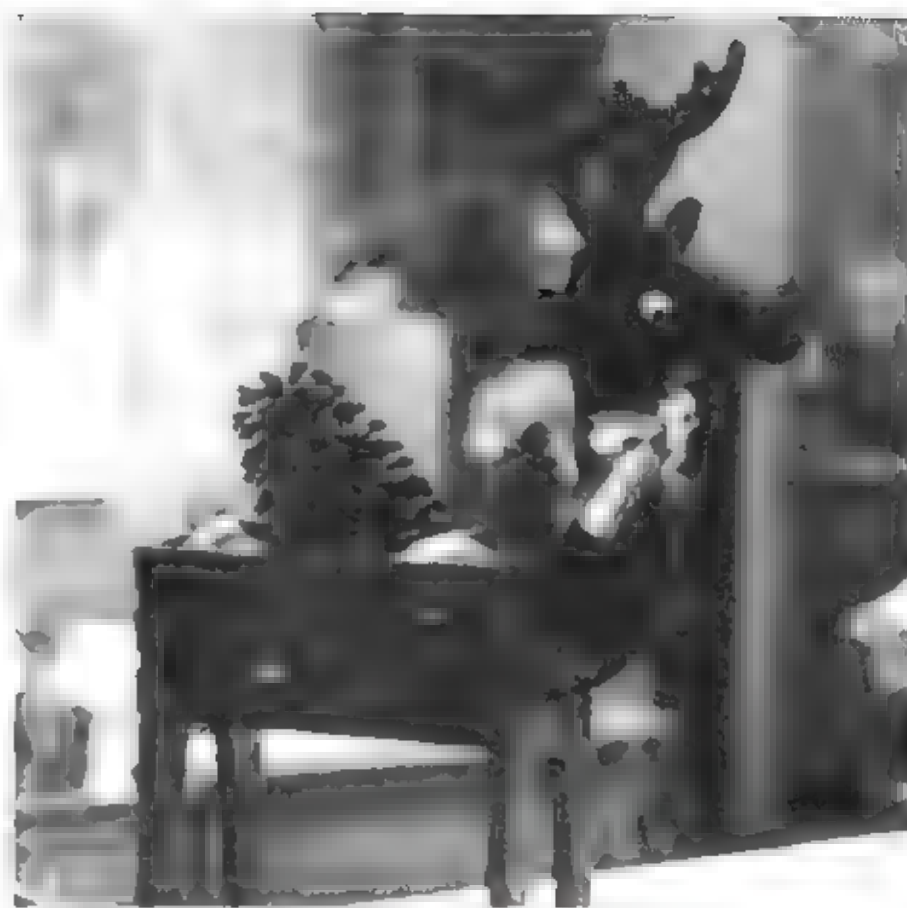

The spirited pep assembly started the last day's activities with the Senior Class winning the spirit stick. Todd Coleman and Gary Clay picked up "the stick."

All Smiles . . . Two of the friendliest people around DHS, Santa and Mrs. Jackie Peters, meet.

Wooden Rudolph? . . . Mr. John Terry designed this Christmas deer from wood.

Christmas 1982 Brings Activities for Students Here

December is a strange month. It may seem that suddenly all of the people you know who have seemed akin to Scrooge for the last 11 months become the nicest, kindest people you know. If you are lucky enough to have many friends, you may find yourself in an embarrassing situation when gift giving time rolls around.

No, the entire world does not enter the Twilight Zone, it is the Christmas season.

Here, the Yultide time of year probably spurs enough activity to suffice in some schools for an entire year. A wide variety of banquets, parties, and fund raising drives by different organizations, give many families a better Christmas thanks to the efforts of some of the school's students. As always, though, Christmas was a time of fun for many. Such activities as the U.S. Club's Christmas banquet, Hanson's Headaches Christmas party, and the musical "Scrooge," produced by

Lollipop Christmas . . . No, this is not a carpenter's idea of a Christmas tree, but Mr. John Terry's display at the U.S. Club Christmas party.

the Fine Arts Department, and efforts by such groups as the Den-Teens made Christmas in 1982 more than a time of giving. They made it fun.

This year students combined the fun that they were having with the concept of helping people.

In the hall in front of the office, the Student Council placed three barrels to be filled with food from donations from all three classes.

There was a competition between the classes to donate the most food with a party being given at the Boy's Club.

As usual, when a party is mentioned the Seniors came through.

HO! HO! HEALTH! . . . Mrs Darlene Willoughby's classroom door was decorated for Christmas

Proud Display ... (Upper Right) Mrs. Mary Pat Hatley, Cassie and Kecia Ramey and Leann Spradlin arrange their Homemaking class party food.

Quilty Christmas ... This table display in the homemaking room was made from quilt material and wall paper. Using a pattern the Christmas tree was shaped to match the baskets that were placed on each side and filled with Christmas candy.

Santa's Visits Lift School Spirits

In the mad rush of beleaguered students to get out of the school at the start of Christmas vacation, an obstacle appears. Close observation shows that it is a jolly looking character dressed in the customary red suit, complete with tassled cap.

Wait! Look Closer!

Isn't that a Volleyball coach behind that white facial hair?

Yes! It's Ann McFarland. Once again she donned her Santa outfit and brought good cheer at Christmas time.

"Meet Me at the Prom" Done for '83 Senior Play

Mr. and Mrs. John Terry, both teachers here, took on the job of directing the senior play for 1983. After some brainstorming, the "dynamic duo," as the cast members sometimes called them, came up with "Meet Me At The Prom" for the play to be done.

Mr. and Mrs. Terry were surprised by the large number of students that tried out for the play.

(Top) Angie Phillips as Mom gives Diane Holbert a Good 'ole fashioned chewin' out. Irene Faber (middle) applies the final touches on her make-up. Caught off her guard by the photographer, Elaine Rainwater (below) working on the set gets her picture taken with her hair up in curlers. Elaine played Winnie in the play.

Show Stealer ... Todd Coleman, who had not one line in the entire production, was credited

by Mr. and Mrs. Terry, not to mention many of the show patrons, with stealing the show just by the way he walked.

Just Being Cool Joe ... Jon Smith and Dianne Holbert were popular for hanging around "d' box."

Turnabout Is Fair for Twirp Week Fare

Each year the United Service Club sponsors Twirp Week. This gives the girls a chance to ask their favorite guys out for a date. It also gives the guys a break. For one week the girls do the asking and the paying.

Every day something different is planned. Monday night the couples were to attend the presentation of the Ax, which the Jackets won back by the Sherman-Denison game. After the presentation, the couples went go-cart riding. Tuesday they bowled the night away at the A-1 Bowling Lanes. Wednesday was the night to attend a movie. Thursday the ladies treated the young men to dinner. On the last day, Friday, the couples could go anywhere they wanted.

Whoever said ladies first? — Beth Melvin gets in the full swing of Twirp Week by holding the door open for Paul Purcell.

Don't look at the camera — After taking James Brown out to dinner Sherri Cobb brings him to Loy Lake to watch the sunset over the lake.

It's okay, winning isn't everything but it sure is nice — Angie Williams, senior, and date James Robison, enjoy refreshments after a hard game of bowling at A-1 lanes.

That is my allowance you are eating — Jack La Bonte is relieved that it is Lori Bryant's

turn to pay for the meal. Want to bet he wishes that Twirp Week happened more often?

U.S. Club Offers Other Activities

The United Service Club is dedicated to offering services to the community. Money is raised for cancer and other medical research in their annual hold up. The club also sponsors the blood drive for the Texoma Regional Blood Bank.

U.S. Club Holds Annual Blood Drive

"Blood is life. Let's keep it running." — That was this year's motto for the blood drive. Every year the United Service Club holds a blood drive. Every student who participates in the drive receives a t-shirt with the motto on it. If a student or one of his family members ever needs blood, they are guaranteed to get it if they participated in the blood drive. This year 200 pints were given.

Am I a hemophiliac? Are you serious? — Nerissa Helm, senior, waits patiently to give blood. Before donors can give, they have to meet several requirements. Some are listed on the sheet of paper Nerissa is reading. Another requirement is, a donor has to weigh 110 pounds.

Hurt? No way! — Rusty Tolbert, senior, grins as he bears his arm to give blood. Some of the donors

grew faint at the sight of the needle in their arm. Tolbert has it under control.

"What do you get when you cross a chicken with a hypodermic needle?"

A U.S. Club Blood Donor!

Serious business — Donors had excellent care as they gave the gift of life. The nurse was there to give encouragement to students who were not so sure they wanted to give after they had already been stuck. The aides also checked blood pressure and the donor's temperature.

Sleeping in the library? — Diane Holbert, senior, relaxes as she gives blood. For every pint of blood given, somewhere a life is saved. The students under 17 years old had to get a parents' permission slip.

"How do you know when an elephant has been in the refrigerator?"

"By the foot print in the pizza!?"

Elephant jokes after giving Blood? — Eric Nelson senior, and Mike Bardwell, junior, sit in the library after giving blood. Refreshments were served to people who gave blood to give them some nourishment. Orange juice and cookies were served.

Ngo Tells of Adventure — Trip to New Land

"Hao Ngo, a Chinese student of mine in English IV, wrote the following account at my request. It is a moving and poignant account of his experience as one of the "boat people" who left Vietnam in search of a better way of life at any cost.

Hao's broken English belies his innate intelligence and wonderful sense of humor. While Hao feels lucky to live in America, I feel we are fortunate to have him here at Denison High School." —

Ms. Gene Sickles is senior English instructor.

I was born in South Vietnam and grew up in a very peaceful country, until the North Vietnam communists took over my country. I didn't like to live with the communist because they didn't take care of anything but themselves, for that reason I decided to leave my country looking for freedom.

I left on May 20, 1979. I traveled by boat to another country. This boat was about 75 feet long and 20 feet wide, it held 398 people, it was very crowded. At night we had to sleep seated and we couldn't stretch our legs. A lot of people prayed to God to protect our ship from danger; the ship floated on the ocean only a few days. Most people on the boat got sea-sick and some old people died.

Every day the boat was supplied with dried food and water. Unfortunately, when the boat was put out to the high seas, we met a sea robbery ship off Thailand. They closed in behind our boat. The robber ship had a machine gun and wanted to steal all the money and jewelry from the women. The robbers told the men to be still and shut up. That day we could see many merchant ships pass along our boat. They made a signal and we responded by waving but no one could be helped. Some merchant ships were kind, they supplied milk, bread, and water for the children on board.

After nine days we could see land, I was so glad I never thought I would live to see land, I thought I was dreaming but I wasn't. The island was called Indonesia, a few people lived on the island. There were several huts that we could count, we lived there awhile because we had

Hao Ngo

nothing to eat or drink, some children were very ill.

For a few days the Red Cross came and supplied us with food and sent us to another refugee camp. The camps were completely covered with coconut trees. I had a rough time on that island because there was only one small house to live in with over 12 people to live in it. So everyone had to build a tent of their own.

Day after day went by, food was running out. I had no money, food, and only two pieces of clothing to wear, I had to find a job. Some people got jobs riding a big truck to the city. I found a job in the city helping a man in his restaurant.

After six months living on the island, many people from the United Nations organization came to our camp. They wanted to help the people in the camp to live in the third country (America). I could come to the United States because I had my relatives living there. When I got to America, I was so glad, because it is a free country and independent country. This is a time I will never forget for the rest of my life...

Exchange Student Is a Hit at DHS

His name is Tuomas Puotiniemi but he prefers you call him Tom. His home is in the suburbs of Helsinki, Finland, where he is a sophomore in high school. Tom is one of 550 Finnish exchange students currently in America. The soft spoken, friendly 16 year old says DHS is a little different than his school in Finland, but the kids here are great. He has made a lot of friends during his stay here.

At Tom's school in Finland, his classes last anywhere from six to eight hours a day. During this time all of his basic or solid subjects are taught. During his year here, Tom concentrated on improving his conversational English in addition to his other language skills. Due to his age Tom was put in the eleventh grade.

Tom is a 6 ft. 5 in. tennis player. Tennis coach Gail Ringness said, "If you didn't have a chance to get to know 'Tom,' you missed out on a rare and special opportunity." The tennis team was pleased to have Tom choose tennis as his participation sport while in Texas. His best win was a doubles match with Jeff Nicholson against Sherman.

Changing schools can be hard on a person but changing schools and countries at the same time can be very difficult for a teenager, especially for a year. Tom has left his family and friends in Finland to come to America and absorb the culture. It is a difficult transition to make from one society to another. Not many will even try to make the change, it takes a special person.

Tom is staying with Mr. Warren Blood and his family in Denison. He says he loves America and plans to visit someday after he's out of school. He also invites Americans to visit Finland. All in all Tom Puotiniemi is a remarkable person. It is not every day that teenagers get a chance to meet someone like him.

Tom shows his form and style in tennis practice.

Senior Day Held May 27

Senior Day was full of activities. It began at 8:30 in Munson Stadium. Graduation rehearsal went smoothly and Senior Day began.

It was held at Grayson County College west campus. First was the sack race, then the 3-legged race and the egg toss. Prizes were given to the winners of each event. Student then amused themselves with water volleyball and swimming until lunch which was catered by Church's Chicken. After eating, Seniors went for plane rides. The flights took them over the mall, the high school, Lake Texoma, and back to Perrin field. Each Flight lasted about twenty minutes. A bar-b-que dinner was held in the Silver Wings Club. A dance with a D.J. from KEGL 97 FM. lasted from 8:30 until midnight.

Baseball caps were given to all seniors who stayed for dinner. This was a special surprise from Mr. Earl Turner, senior class sponsor.

Senior Day was possible because of money raised by the Senior play and a bake sale. Each student was required to sell 10 play tickets before he was able to go to Senior Day. Some students bought their tickets.

Spike it, Poe! — Everette Poe played water volleyball with many seniors on Senior Day. Some teammates are Mike Guthrie, Steve Bolen, Todd Coleman, and Tom Poutiniemi. No one really took score but everyone felt that there was no loser. — Volleyball was played until dinner time.

"And then ..." — Irene Faber is caught with her mouth open again. Look familiar? Seems she is caught like this quite often.

Let's go swimming! — Sherri Cobb urges James Brown and Irene Faber into the water. They swam for hours.

1500 Feet — This aerial photograph of Denison High School was taken out of the plane window during a flight at Senior Day.

Sure is hot — Jeff Nicholson and Ben Harvey take a break from all the activities to rest.

298 Graduated in '83

Two hundred ninety-eight seniors walked across the stage at Munson Stadium May 28 to receive diplomas. One honorary diploma was awarded to Scott Melton whose education was interrupted by illness.

Student council president Brett Armstrong led the pledge to the flag after the band played the traditional "Pomp and Circumstance." Senior class president Jeff Nicholson gave the invocation. School administrators and members of the Board of Education presented the diplomas and announced honor graduates and special awards. Mrs. Sylvia McBrayer and Mr. John Terry, faculty members read the graduates' names as they received diplomas.

Diana Latona, Danelle Johnson, Wade Graves and Robert Hullett led the graduates, family friends and supporters in singing the alma mater to close the ceremonies.

O.K., Hold Still ... Mrs. Ann Whitworth makes a final adjustment on Cheryl Ray's cap.

Watch Your Step ... Irene Faber walks in with nervousness.

Just A Dab ... Theresa Sikes helps Corey Souther with one final make-up touchup before "Pomp and Circumstance" begins.

Hometown Pride!

Fellow graduates, faculty and administration, distinguished guests, and friends of the class of '83.

Tonight's ceremony is the culmination of years of work by everyone concerned. Throughout the course of our education, unity was the trademark of the special class of 1983, at one time so far in the heaven of the future that not even the telescope of the grandest imagination could see!

As our education grew, our focus on tonight also grew accordingly, so that we now see the picture we have anticipated for years and years, yet at this moment the vision is coming fully into view. The vision shows us that tonight is not only our night, but also the night of recognition for the accomplishments our great city has attained.

Denison ... a great city indeed. A great city that has gained many strides during the past years. Instead of acknowledging these, however, I would like to turn the spotlight to that which made this happen. The change wasn't overnight, progress came quietly into existence, within a span of many years. The ranks had only few in number at first but then caught on and spread like an epidemic. The movement changed our entire city. It cured the city from mediocrity and exposed the townspeople to another fever of force, of activity.

The cause simply stated; it was pride. It was a sense of self-image and self-determination and self-motivation. That was the key: the prefix "self."

The populace of our city realized that to gain momentum, Denison had to be the site of a mass reformation of "self." In a town of roughly 25,000 people, 25,000 "selves" had to drive, had to work, had to achieve.

And that is what we did. We drove, we worked, we achieved. A few at first, but when those few were in the limelight, others realized that they, too, could achieve. Denison ... a city revived, having no limits except for mental reservation. The wise saying of ages ago, "The hardest opponent to defeat is one's self" is exemplified, and once that is accomplished it is all downhill.

Denison worked its way up to the top, and as it rolled down, all the achievements came into place in what can only be termed a "snowball" effect: the football team and their success (the public cheered), the vocational department excelled and the U.I.L. scholastic competition placed the highest in district since the building which now houses its students was constructed (the public applauded), the baseball team reaches the state playoffs, the first such Denison team to do so in many years (the public roared). The public supported, the public was there; the public had driven, had worked, and had achieved.

That is what tonight is all about: Denison ... a city of pride. Once again the public has come to distribute praise and credit in this, our last victory in our senior year. It is ironic that those who have done the applauding this year were the ones who truly deserved the applause. These are not accomplishments alone, but are to be shared with you, O great city of Denison, the home of the Battle Axe; we, the Senior Class of 1983, applaud you and say with truest sincerity:

It was great to be a Denison Yellow Jacket!

Reeves Leaves Touchstones for Seniors

In ancient time, there was a man who possessed nearly all material things that one could desire, but he wanted more. He wanted everything, so he went to the wisest man in the land and asked how he could obtain all of the riches of the world. The wise one replied very simply that there was a stone; a touchstone which was very smooth and round. With the possession of this stone, the man could have anything he wanted. This stone had unusually recognizable warmth which would allow the man to identify it from others. Running to the sea, the man saw many stones of such description and began searching through them. Rapidly discarding into the sea one stone after another, when he knew it was the wrong one, he suddenly realized that in his haste, he had thrown the touchstone away. For one single moment, the warmth and power of the touchstone were his and now they were gone. One of the greatest touchstones lies here in our educational background of Denison High School, and I am very proud to be Valedictorian of this class in which there are so many achievers.

Now that we have established our foundation, we are able to go on and build the goals which we desire. We must be practical, however, about our goals. Let us begin by setting our priorities. Once we know what is most important to us, we can achieve. Stick to what we believe in, and do what we think is most important. Then when we look back on what we have done, we must not regret what we have missed out on, but be glad because we have held on to our priorities and to our touchstones. This will create our success.

We are each individuals and our success is determined by ourselves and not by others. Each of us has a very special place in this world, and we must seek out and find our own meaning, not only for the world

but for ourselves.

Let us not throw what we might consider only small achievements away. Hang on to the power of each accomplishment you attain no matter how big or small. For with reaching each goal, we are climbing to the next greater one. We are successful only when we have reached our goal, not someone else's.

Let's not throw our touchstones into the sea. Hold fast to them. Allow ourselves to be successful by not worrying about the other person. Stand up for ourselves and our own ideals. We are our own success. Though we may sometimes truly be wrong with what we think is our purpose, we can dig ourselves back out and keep on going. There is a ray of sunshine for each of us. We only need to find and grasp a strong hold on to it. In our search for ourselves, we must remember one thing; we are capable of success but we cannot see the sunshine God has made for us through the dark clouds which we have made.

We must be positive in our quests. Especially the one in which we are about to venture. Hold on to each and every touchstone and remember each with joy. We have each come a long way and each has a long way to go. Our greatest test lies not in our high school or college studies but in our ability to positively face the world and today's society. Let's be strong and confident and never let ourselves down.

I shall always cherish this moment of being our valedictorian as one of my greatest touchstones. My best wishes and prayers will be with you always. Now as we hold fast to our touchstones, let us part with warm memories of the past and great expectations for the future.

Scott Melton Receives Honorary Diploma,

Editor's Note: The following account of the first honorary diploma given by Denison High School is reprinted from the Denison Herald by permission

Graduation.

A diploma.

The mark of accomplishment

Last night when 298 students from Denison High School walked across the stage extending a hand for a shake and a neatly rolled piece of paper, one student's diploma represented a bit more than the rest.

When Scott Melton received the honorary diploma marking him as a graduate of Denison High School, he also received a vote of love and confidence from his classmates.

He wasn't the top student. He didn't make straight A's. As a matter of fact, he didn't attend school an awful lot in the final semesters of his career.

But his diploma represented his fellow classmates' desire to share their night of triumph with one who otherwise would

have been left out of the dream — his most cherished dream — graduation.

Six months ago doctors predicted Scott would not live to see his graduation night. The first indications that he might be suffering from an illness were small.

Suddenly last summer he began to change. "First, I noticed a slight change in his dependability," his mother, Sarah Ashcraft, recalled. "His car had a dent here and there, and Scott was a good driver. We just couldn't understand what was happening."

His behavior did not match that of the young man who was known for his love of the outdoors; was active at the farm, was an avid member of the Future Farmers of America, and a showman who really worked at winning in the annual Texoma Livestock Show. He had a lot of friends, a quick smile and a personality that seemed to draw people. That changed.

"He was working with Tedd Riffell that summer, and loved his job," Mrs. Ashcraft said. "One day Tedd left him alone on the job and came back to find a note on the shovel. It said 'Monday isn't a good day to work.'"

Vote of Love, Confidence From Classmates

"It was some time later when we discovered it wasn't Scott changing, but a brain tumor — a quick-growing one that was killing him," his mother recalled.

After the rash of fender benders, he was taken to an eye doctor who discovered he had tunnel vision. He could see only directly in front of him. Later another doctor said he needed psychiatric help. Then finally, at a clinic where still another doctor had suggested he be taken, the worst was confirmed. He had a cancerous tumor in the right side of his skull.

Treatment began — multiple surgeries, cobalt — he was left in critical condition with a multitude of scars and little hair.

His determination to graduate prevailed. His parents finally talked the physician into allowing him to attend school a half-day and be a homebound student the remainder of the year. But the illness again took over and Scott could not complete the requirements.

It was last December when his mother found him lying in the field. "He had been driving the tractor and apparently suffered some kind of stroke," she said. He was rushed to the hospital where doctors diagnosed the stroke. Scott Melton was 17 years old.

"After endless hours of waiting, we were told he might live another 15 or 20 minutes," Mrs. Ashcraft said. "We were helpless, but waited, and waited."

A few weeks later in the hospital Scott apparently tore off all his life support systems and, to the amazement of the doctors, was functioning on his own. "They decided to leave him on his own, but time inched on and nothing changed," she said.

Eventually the doctors said they could do no more, that further surgery would leave him a vegetable. It was hopeless.

He was put in yet another hospital, and again after weeks, the parents were told "We can do no more."

"We decided to take him home, even though he had gained a lot of weight and couldn't help himself with anything," his mother said. A doctor in Denison decided to treat him as a stroke victim, and through diligent work by his family it was discovered he could sit alone. A glimmer of hope shined. Work was accelerated — more massages, more bending and pulling on leg and arm muscles.

Through sheer determination Scott began using a three-pronged walker. He was on his feet. But problems still prevail. It's been a long, hard road. Recovery is not complete and may not be permanent. But it's a big step from the "15 minutes to live" he had been given by his doctors.

"We've had a lot of help," his mother said. "We found out a lot about Scott we had never known before. He had friendships of which we were not aware — especially with his cousins. They have been a joy — a savior to Scott. They turned our personalities from tears to laughter, and that was especially good for Scott and us."

His stepdad, Ron Ashcraft, his father, Billy Joe Melton, his sisters, Donna Morrow and her husband Steve, Vickie Melton, his cousin, Russell Melton and his wife Cathy, his ag teacher, Charles Knight, and his fellow students, didn't forget Scott.

They all pitched in and refused to let him stay in a state of depression or give up. It was that determination — that friendship, coupled with jokes and laughter, that helped Scott regain his feet, some of his personality and determination.

It was that same friendship that brought classmates repeatedly to the Denison High School office insisting time after time that their big night be shared with their classmate.

Finally the assistant principal, Jackie Peters, said it could be done. Scott could get that honorary diploma and be on stage with his graduating class.

"It's taken a lot of prayers and work to get him this far," his mother said. "And even though he has progressed from bedfast to being able to get on his feet, he's still got a long way to go."

Depression seems to be the biggest stumbling block. After months of struggling, times when he wants to do things, or say things, or be in activities, and yet realizes it's not within his reach — depression sets in.

Although doctors are amazed that he has made it at all, it isn't enough for Scott. He wants to be himself again, and although giving up isn't in his mind, accomplishments come hard. Will power sometimes vanishes and despair sets in, but according to his mother, he pulls himself together, and tries again — and again.

Scott celebrated his 18th birthday May 17. And last night he was recipient of the first and only honorary diploma issued a would-be DHS senior at the request of his classmates.

Although the diploma given Scott may not have been the one he wanted — it just might be more valuable.

It's not one showing the standard accomplishment of 12 years of school completed. His diploma reflects the friendship and respect of his classmates. Friendship gained before he was stricken by the tumor and strengthened during his trial. Respect for the tenacity of his struggle and his refusal to admit defeat.

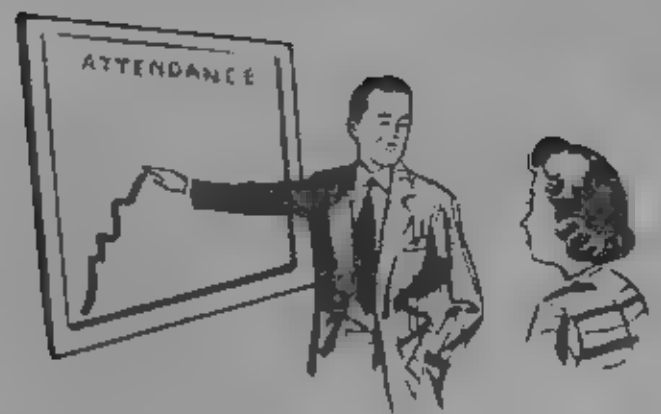

Student Council President

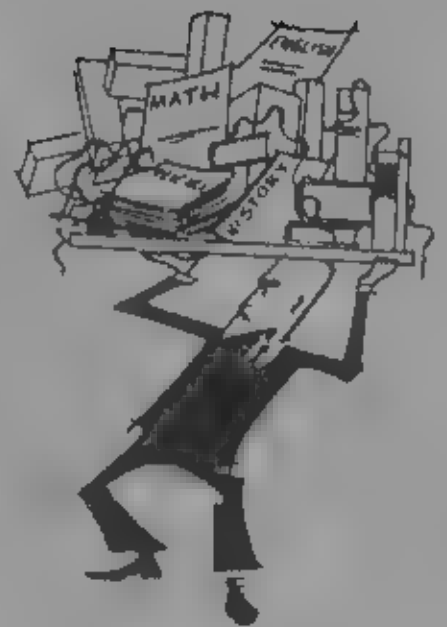

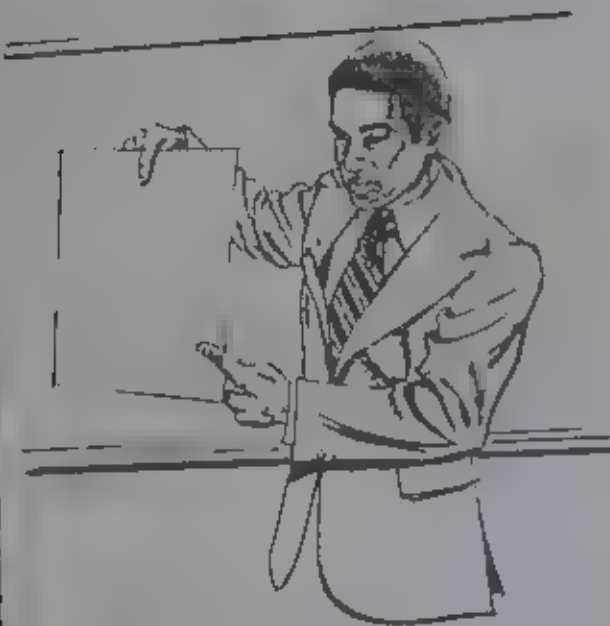

It's great to be a Yellow Jacket — Brett Armstrong, senior, is the 82-83 Student Council President. He is a member of the axe-winning football team. His number is 70 and he played defensive tackle. He is

a member of the Fellowship of Christian Athletes, United Service Club, and Student Council. He was in the Mr. Wonderful Contest

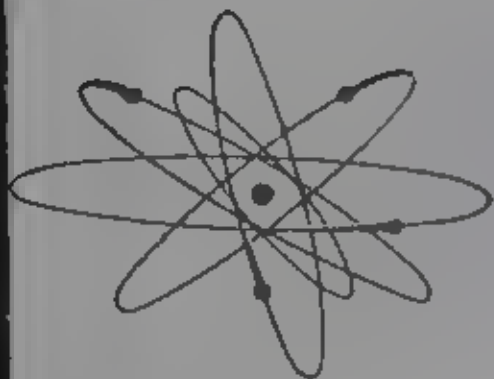

CLASSES

CLASSES

CLASSES

Vocational Classes Train to Earn a Living

Not all jobs require a college education. Some jobs only require special training. The high school offers this training through vocational education.

These courses are cosmetology, distributive education and marketing, health occupations, home economic coordinated education, vocational office education, industrial cooperative training, building trades, agriculture, metal shop, wood shop, printing, and drafting.

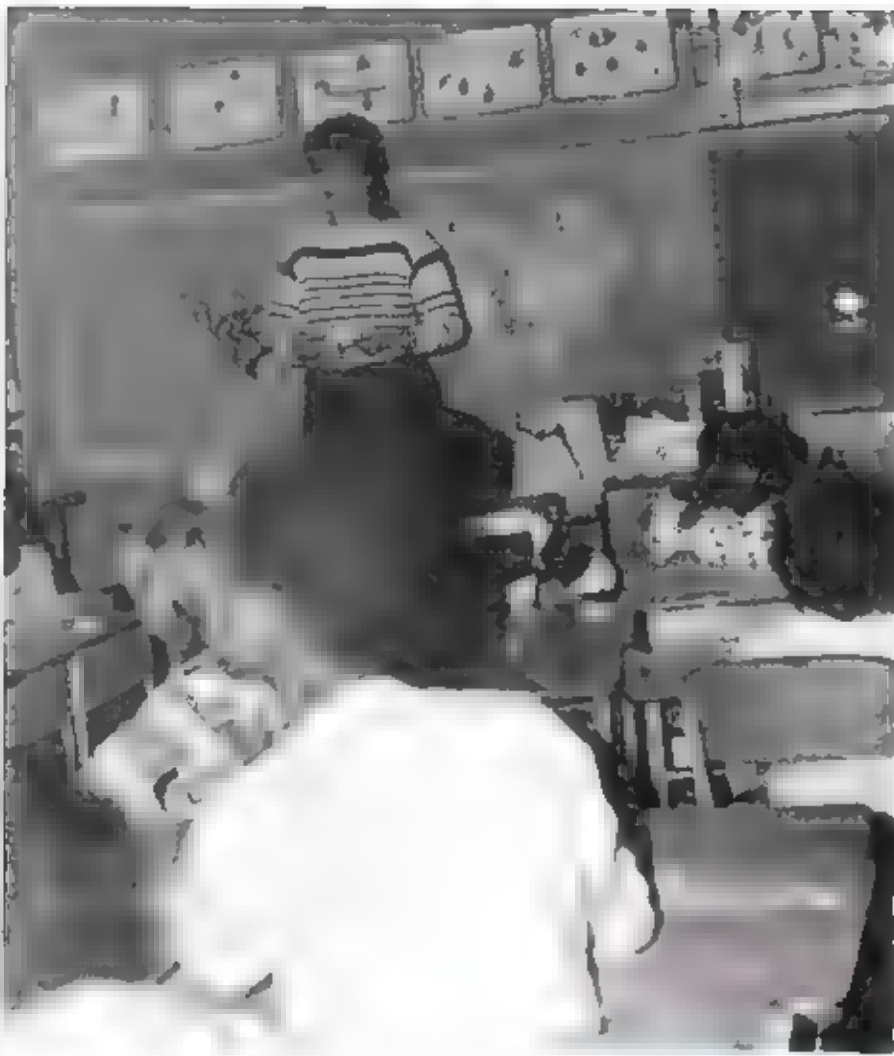

Please don't mess up — Mrs. Patsy Stengle demonstrates hairstyling techniques to cosmetology students Roberta Hudson and Elaine Morrison.

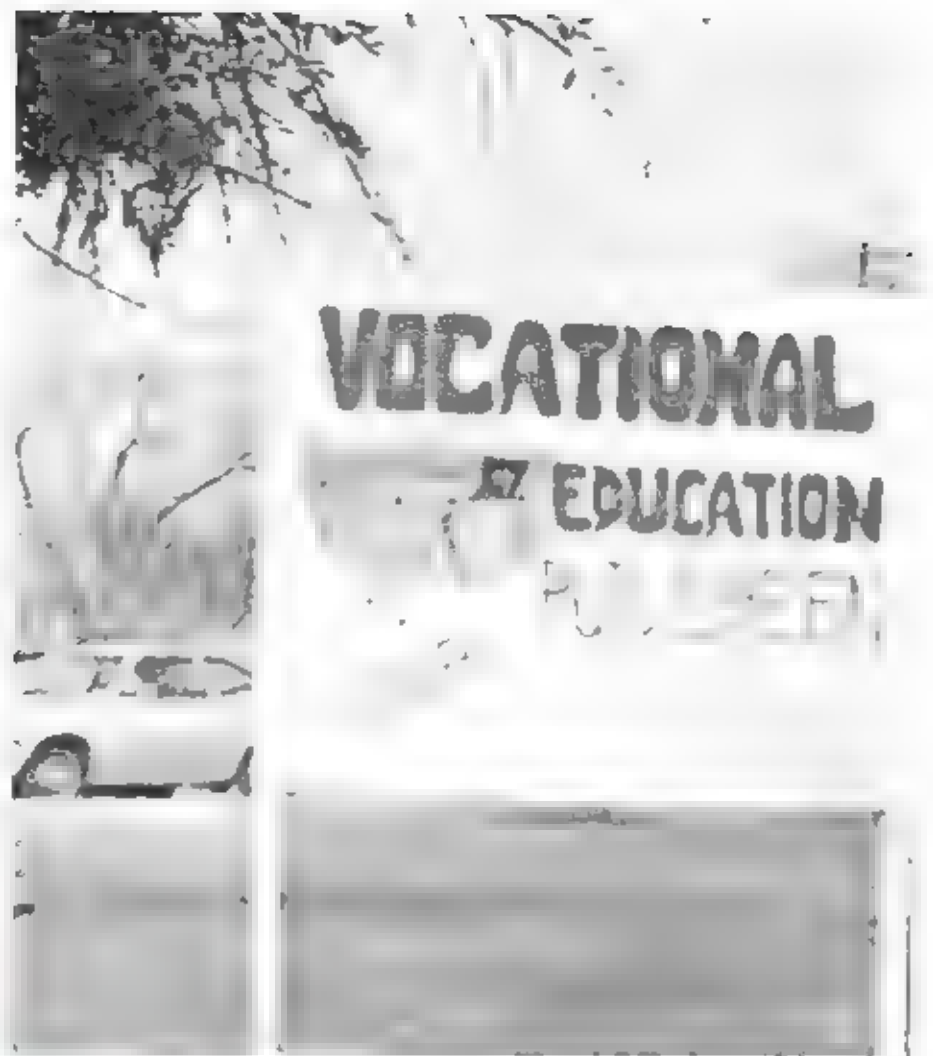

How does this work? — Penny Webb, senior, works at One-Hour Martinizing as a part of her vocational education.

Can't you see I am working? — Jimmy Staples helping refurbish a horse trailer as Lisa Burr watches.

Fighting off Mr. Tooth-decay — Susan Shearer visits grade schools, teaching the correct way to brush teeth, as a Health Occupations project.

Money, Money, Money — During National Vocational Education Week the students posted their annual sign.

Waiting for the rush — Linda Christman, junior, takes time out for a picture just before the dinner

rush. She is in HECE class.

Choral Music Sends Group to Contest

In addition to presenting programs, the select choir, Hansen's Headaches competed in the University Interscholastic League contest for the first time this year.

Under the direction of Mr. Roger Hansen, the Headaches and the Girls Choir entertained civic clubs, the PTA and students at the elementary and middle school. Mary Ann Pasche accompanied the choir on the bass guitar and Venita Calfy provided piano accompaniment.

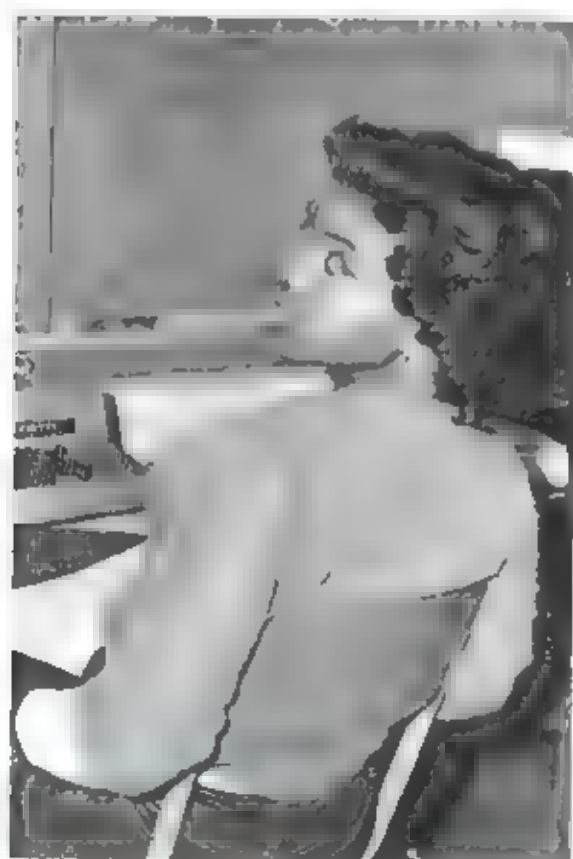

Annual Staff Captures Memories for Year

Unless you are familiar with the annual staff most people don't know how much time and effort goes into a yearbook. It takes a team of people working together printing pictures, drawing layouts and raising money to produce a record of the past year we call the Yellow Jacket Annual.

Working together helps — Rick Wood, Angie Williams, and Irene Faber, senior editors, work together to put out annual pages. Working together gives incentive to the others.

My turn at the typewriter — Marva Lewis works on the annual and the Stinger.

What's this contraption? — Ruthie Wyatt, junior, tries to figure out how to load and use a camera.

Help! I am so confused! — Kim Krueger works on her sweetheart pages so she can meet deadline. She has to draw up the pages, print the pictures and write up the cutlines. After doing all that hard work she turns them in to Mrs. Kay Casey.

Don't bother me! I'm busy. — Lori Jacquinet, senior, works hard to put out the football pages. This is an honor since this year the football team did so well.

These darn pages — Theresa Sykes, senior, is busy addressing envelopes to send out to the senior parents for the Senior Salutes.

Starving Artist — Sherri Cobb, senior, is very intensified by the hard work that comes from completing her pages. Sherri did most of the group pages.

Big Chief at Work — Irene Faber, editor-in-chief of the Yellow Jacket worked far into the summer to assure a good annual.

Stinger Staff Produces Weekly News

Work, Work, Work — The Stinger is the weekly newspaper put out by the Stinger staff. Mrs. Kay Casey is the advisor and Becky Pettigrew is the Editor-in-Chief. Dedication is the key factor in producing a paper. Writing stories, printing pictures, and pasting up is only a part of the process of putting out a paper. Teamwork puts out the Stinger.

Think you have troubles? — Kim Earhart, senior, is fondly known as "Airhead" on the Stinger staff. She is the News Editor. Having that responsibility could drive anyone insane.

Sports — Jon Smith, senior, is the Stinger staff Sports assistant editor. He has to get the sports news firsthand and write up the stories.

Pasting up can get really sticky — Rick Wood, senior, pastes up his features page. Rick is the Features Editor

Alright Becky! — Advisor, Kay Casey, and Becky Pettigrew, senior, work together to solve the problems of the newspaper.

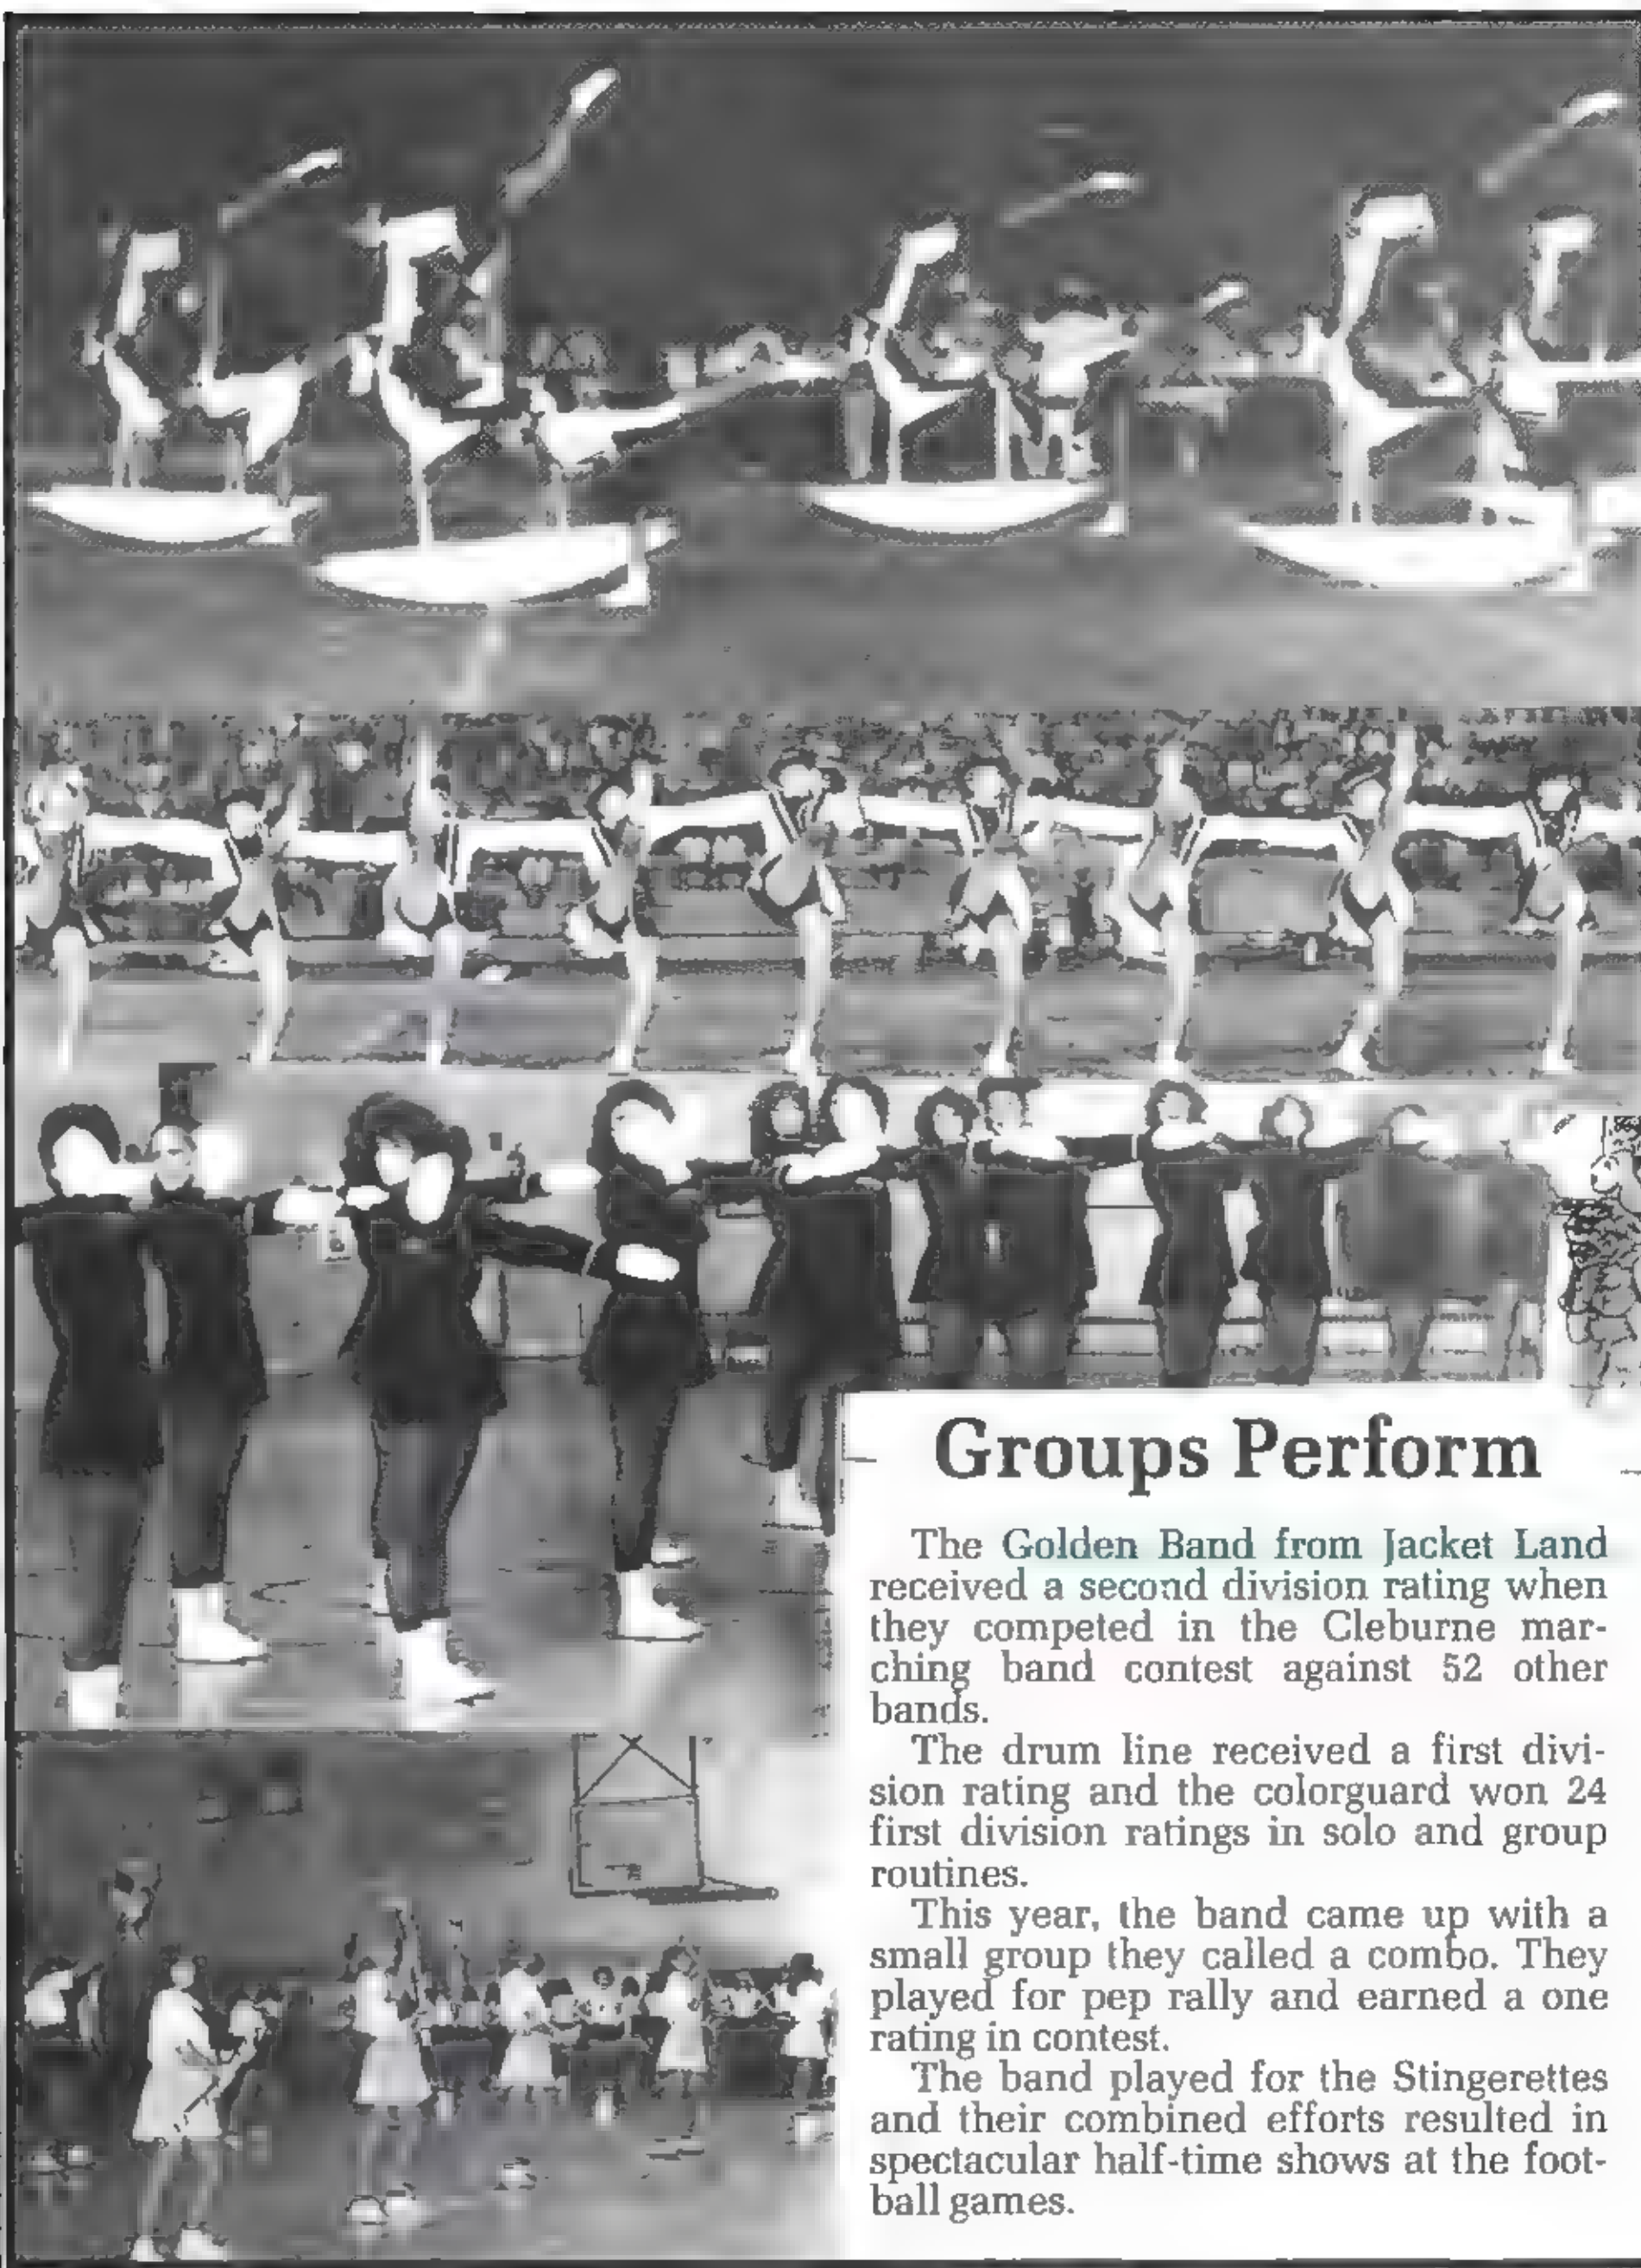

It will be alright — Richard Coley and Angie Harris, seniors, work together on their pages. It takes teamwork to put out a paper.

No, Let's do it my way! — Anthony Byers, sophomore, and Angie Snell, junior, discuss what will be on their page. Working on a newspaper lets

you have a firsthand look at life on a newspaper. It takes a week to put out the Stinger, imagine how hard the Herald people must work every day.

Groups Perform

The Golden Band from Jacket Land received a second division rating when they competed in the Cleburne marching band contest against 52 other bands.

The drum line received a first division rating and the colorguard won 24 first division ratings in solo and group routines.

This year, the band came up with a small group they called a combo. They played for pep rally and earned a one rating in contest.

The band played for the Stingerettes and their combined efforts resulted in spectacular half-time shows at the football games.

Drama Plays It With Class

Mrs. Sylvia McBrayer has been teaching the art of drama for what she calls "10 long years."

In drama, students learn to perform and speak in public and they gain self-confidence and creativity.

Students are graded by their ability and are not compared to others. The materials come from television, contests, and many home Broadway skits.

Can you do this! Mrs. McBrayer shows her true acting ability.

Look Out Hollywood! (L to R) Rick Pugh, Rick Wood, Meretah Polk, Nathan Johnson, and Sherrie

Davis are learning to stage a scene.

Shy Maiden: Cassandra McBrayer practices a coy smile. Drama students write play scripts and act them out for the class

Put up your dukes: Angie Phillips interprets emotions and body language for the class. Angie received recognition from area universities for her acting abilities.

Let's play dress up: Beth Hunter, Cindy Green and Cathy Noblitt get the Scrooge costumes ready. In addition to the annual musical, the drama students

presented a dessert theater and their one-act-play entry, "Medea."

The thrill of victory: Greg Stewart, senior, shows off his work after winning first place ribbons for it.

Get busy: Mrs. Virginia Blankenship shows Dee Rippy and Sheri Beard some of the responsibilities of working in the learning resource center.

Work, work, work: The students in D.E. lab learn about sales, purchasing, and other important skills of running a business.

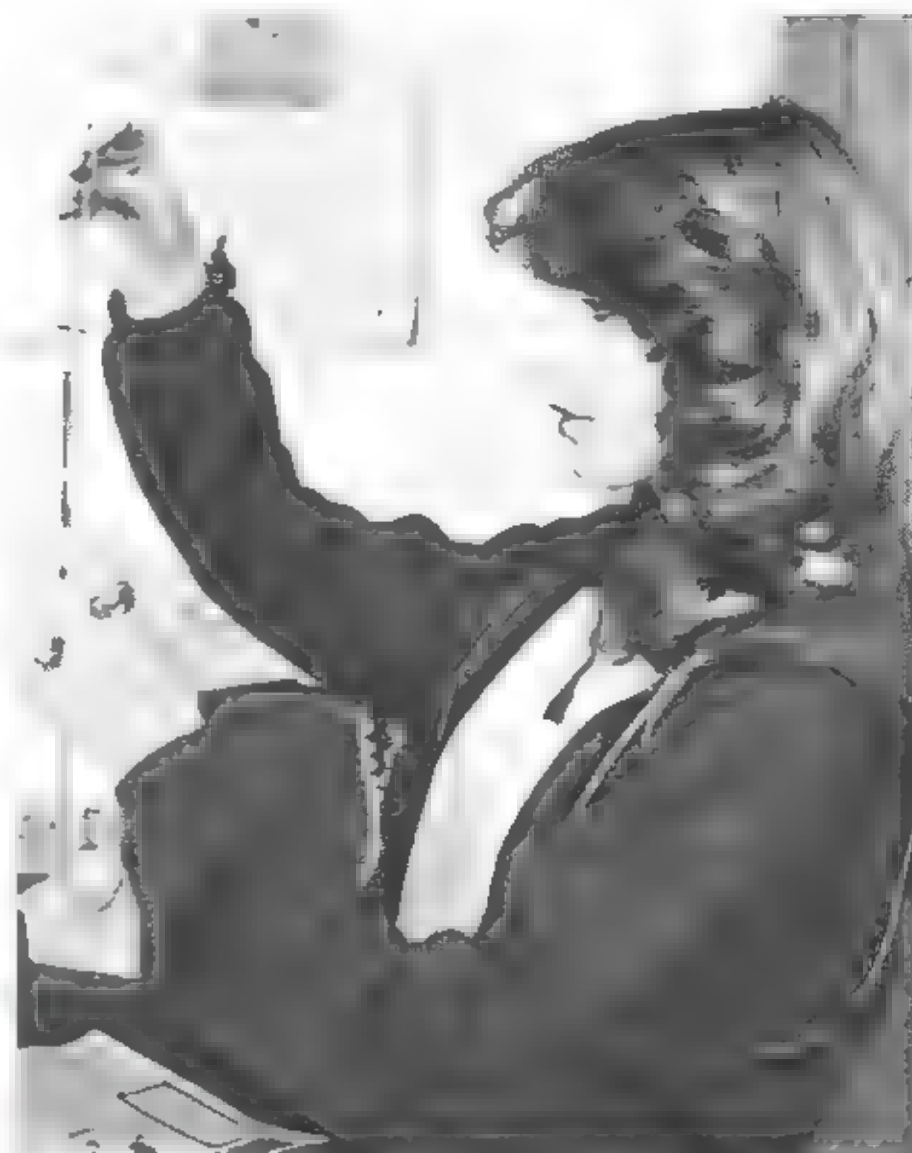

Finishing touch: Students in the metal trades course learn to weld and work with metal.

Getting to work: Driver education teacher Mrs. Jean Kuhns keeps students busy learning safety.

State competitors: Patty Merrell and Kevin Hunt represented the health occupations students in the state contest.

Which one should I use: Anne Shields, senior, looks over her negatives. Photography students learn to expose film, develop it and print pictures.

Students Show Artistic Talents, Abilities

Mr. Jerry Pederson's art classes displayed their art throughout the year. Students pictures could be seen in the display window across from the office and at the local banks. A few art students showed their work at the Chamber of Commerce. This year Art IV students were lucky to be able to experiment with the new airbrushes that were purchased along with a compressor. This was the first year for the high school art department to have an airbrush. It turned out to be a successful experiment.

Merry Christmas — Art students made Christmas cards to sell to raise money for a trip.

Ho, Ho, Ho — Sherri Cobb and Penny Webb displayed pen and ink projects in the art window.

Stipling — Senior artist, Sherri Cobb, showed her work at the banks and Chamber of Commerce.

Above is an example of stipling. This was done her junior year.

Gag me with a cat? — Wesley Mcmenamy, sophomore, shows his ability to perform surgery on a dead cat. Mr. Terry's honors Biology class dissected cats for their project.

Biology Strains Brains

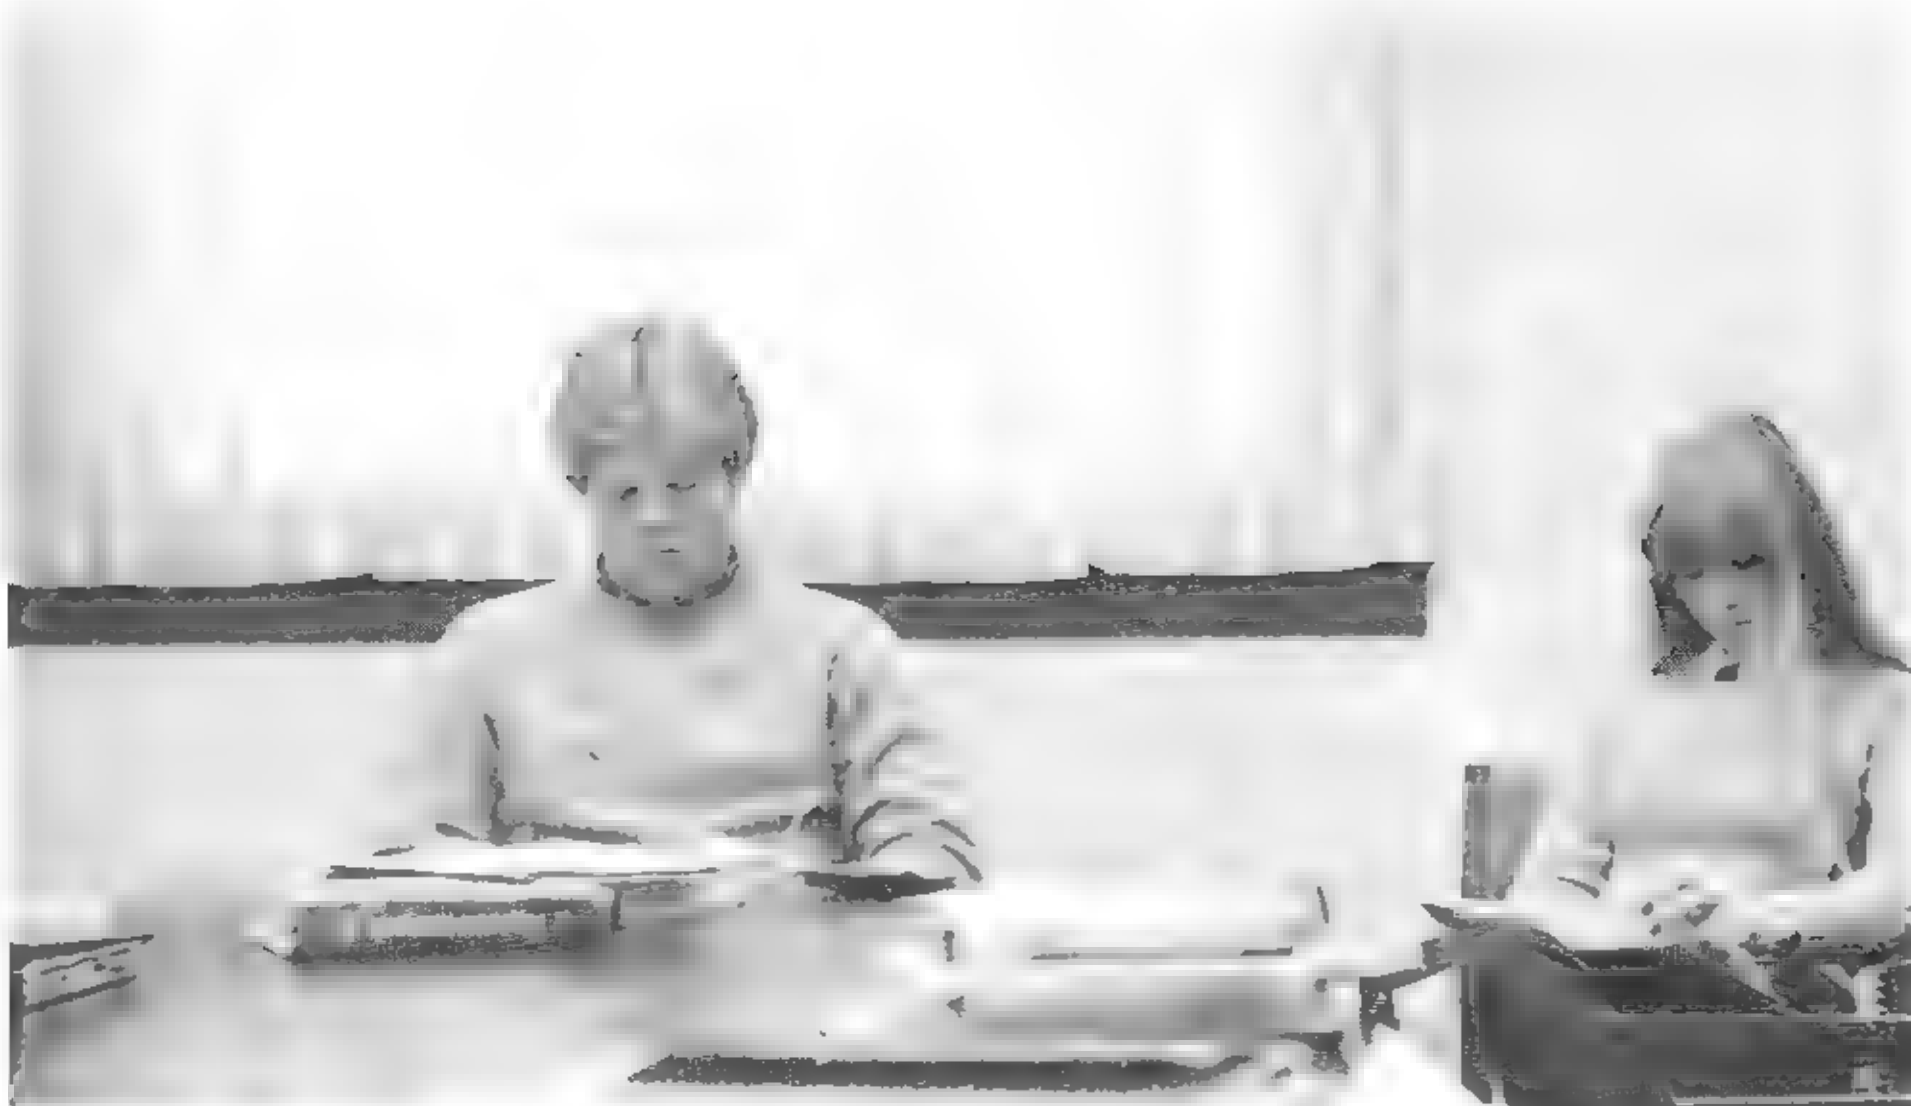

Biology is very important in today's society. With all the biological disorders and diseases, biology is needed to learn what causes these problems. Today's science students are tomorrow's doctors, surgeons, and genetic engineers. If people didn't have science, they wouldn't know where they came from and what they look like they do. Outer space would be just another mystery.

Funky Tongue — Janet White, sophomore, shows her inherited ability to do a tongue roll.

Botany, too — Mr. John Terry's green thumb helped produce this huge bloom.

Biology is not all fun! — Scott Skelton, sophomore, and Kim Johnson, junior, are at the library studying. Being in honors biology is not all fun and

games. There is more to the class than dissecting animals; these students take notes and research a project.

Talk about deep — David Sedlacek and Kevin Perkins, sophomores, study their homework at the library. Students today; doctors and surgeons tomorrow.

Listening attentively: School board members, parents, and contestants gathered in the cafeteria

to honor the UIL literary contestants. This is the first annual banquet sponsored by the PTA.

Social Studies Classes Learn From Guests

Visitors from an area bank visited Mr. Warren "Cap" Blood's free enterprise classes. Mrs. Karyn McNellis, personnel officer at InterFirst Bank, discussed job

opportunity and interviewing. Mr. Scott Crow talked to Mr. Robert Ketcham's classes about job procedures and discussed helpful hints on looking for a job.

What's the next question? — Eric Nelson and Tommy Roberts, seniors from Mr. Blood's class, volunteered to conduct an interview. It worked out

really well and the students learned a lot of useful info.

Who's next? — Sabrina Hogan, Jeff Nicholson, and Eric listen as Tommy reads the questions.

Ladies and Gentlemen . . . Mrs. McNellis talks on career planning and how to get started.

MiYong Kim Shares Customs

MiYong Kim demonstrated clothing worn by young ladies in South Korea. Ook Yon Kim, MiYong's brother, gave a report in world history and she was asked to illustrate this type of cultural difference. MiYong wore her hair in a single braid, symbolizing that she was single. Two braids indicate marriage. This dress is the traditional dress and is now only worn for ceremonies and holidays. When girls wear this attire, their demeanor must be extremely decorous. They must not run, jump, laugh or talk loudly and are to walk, sit, and conduct themselves in a reserved manner.

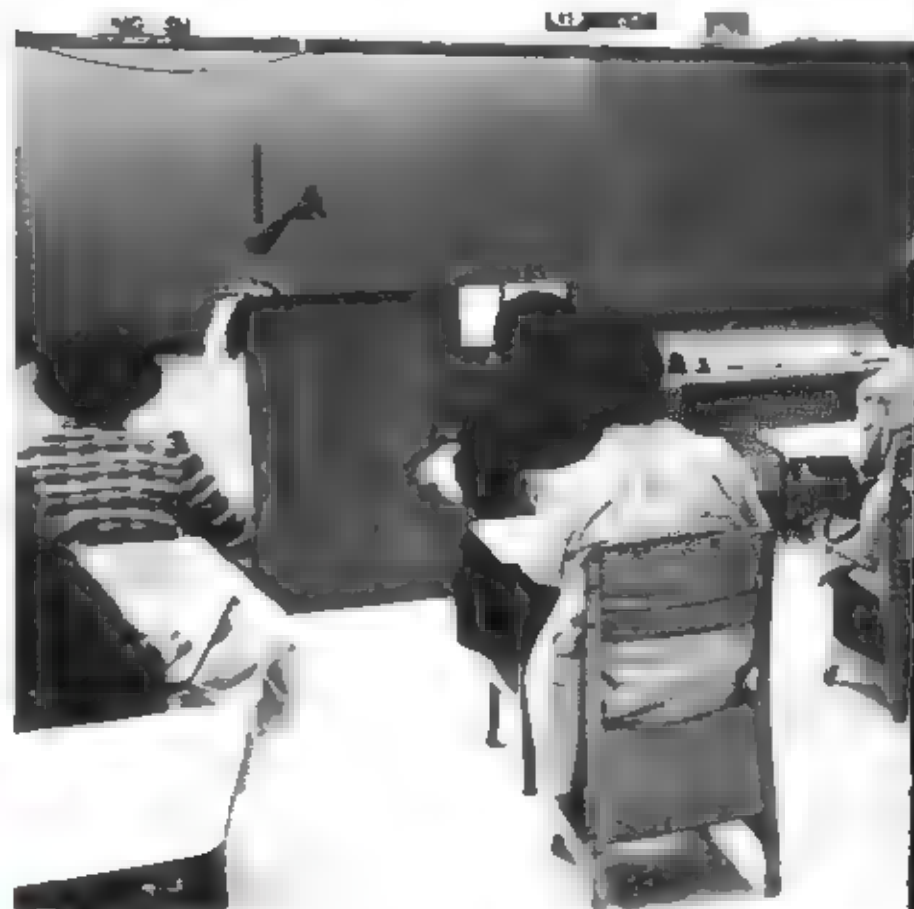

English, Language Students Experience Customs, Culture

Students choose foreign language to learn about other cultures and customs. They can learn how to speak a language other than English. Most students may want to visit the country they have been studying. Most important, there are a lot of jobs, and some colleges that require at least two years of a foreign language.

Students break for candy — Spanish classes follow the Spanish tradition of having a piñata at Christmas. The piñata is made out of papier mache and filled with candy. Blindfolded students try to break the piñata with a stick.

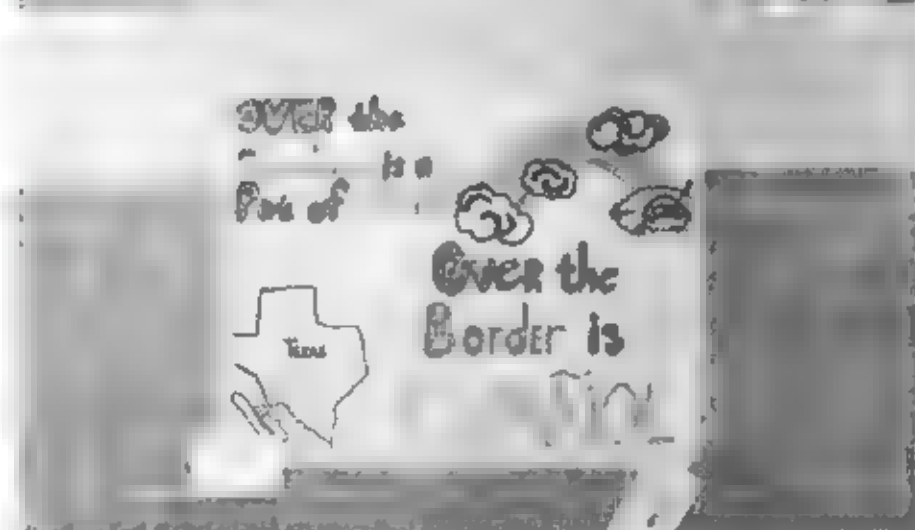

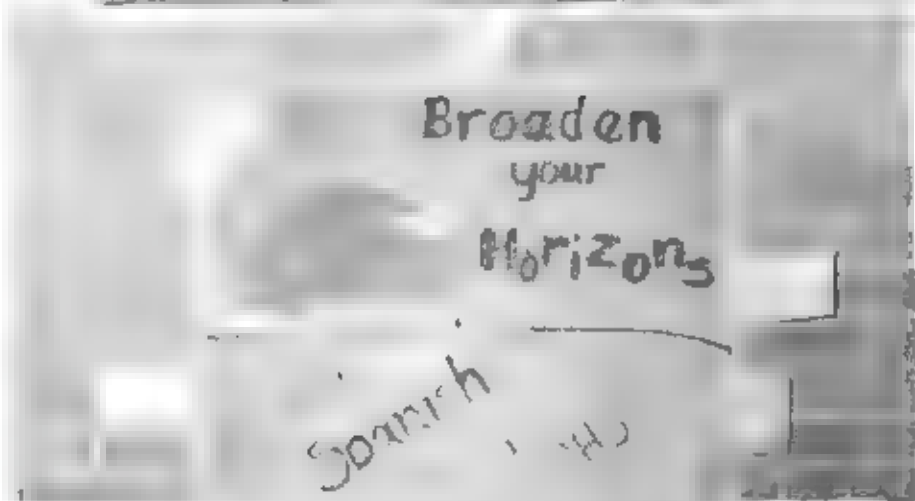

Rapt attention — Janie Gore and Tracy Mitchell, students in Mrs. Nancy Terry's English class, listen to the day's lesson. They were known to "decorate" the classroom with pastel streamers or licorice jelly beans.

Parents exchange for English class — Mrs. Gene Sickles invited parents to take their students' places in English class for one day during Texas Public School week. Students could take the hour

Movin' On — Jacket tailback Greg Jackson (20) makes some quick moves dropping his opponents. Jackson was a key player for the Jackets, tying the

school's highest record for yards carried during the season with 1220 yards.

Jackets on Top

Football for the 1982-83 Yellow Jackets proved to be a big turnaround for Coach Marty Criswell's squad. Improving over the previous year's campaign from a 2-8 record to a 7-3 record, Denison had its best year since 1977 and in doing so beat Sherman, 28-10, for the first time in thirteen years.

The Jackets, propelled by Craig Blanton's arm and Greg Jackson's legs, went 4-1 in non-district, beating R.L. Turner, Paris, North Dallas, and Dallas Adamson. Berkner was the black and gold's only loss before district. Denison's toughest loss of the season was a squeaker to Wichita Falls Rider.

The Raiders completed a pass for the two point conversion late in the fourth quarter and the Jackets lost 15-14. In the next two weeks Denison blew out Weatherford 41-6 on Homecoming and beat Wichita Falls 21-12. Denton beat the Jackets out of a playoff spot the next week 33-21 in Bronco land. Sherman came to town the last week of the season to take on the Jackets. The game was close through the first half but in the end Denison's powerful team was too much as they brought the axe home 28-10.

Jackets Win

By October 2, the Jackets had come further as a team than any Denison team had in a long time. It was their fifth game of non-district play and the Jackets had lost only one game. They concentrated on one Friday night every week and never planned or talked ahead of the next week's games. By this time the black and gold team had gained confidence and went into the game full speed ahead. They wanted and expected to win as much as the fans did. Jackets came through and defeated the Dallas Adamson Leopards 33-12.

A meeting of the minds — A few of the Denison Yellow Jackets, **Steve McCraw** (#76) David Hollingsworth (#85) and Tony Brown (#30) wait nervously for one of their fellow jackets **Nat McClure** (#72) before beginning a quick between-plays conference.

Head to Head — The Denison Yellow Jacket players **Jerry Grimes** (#80) **Gary Sheilds** (#36) **Willie Houston** (#40) and **Reggie Camerron** (#58) put their heads together in heavy discussions on how they are to dispose of their opponents. Obviously the Jackets came through ending the non-district play with a 4-wins and 1-loss record and a 3-2 win-loss record in district.

Who's got the ball? — Yellow Jackets David Englutt (#64) Dan Goodman (#50) Jerry Rembolt (#75) and Steve Daughrity (#34) go in to block for another Denison player who has the ball.

Would you like to dance? — Mike Wilson (33) seems to be dancing but he is really just making quick tracks towards one of his opponents.

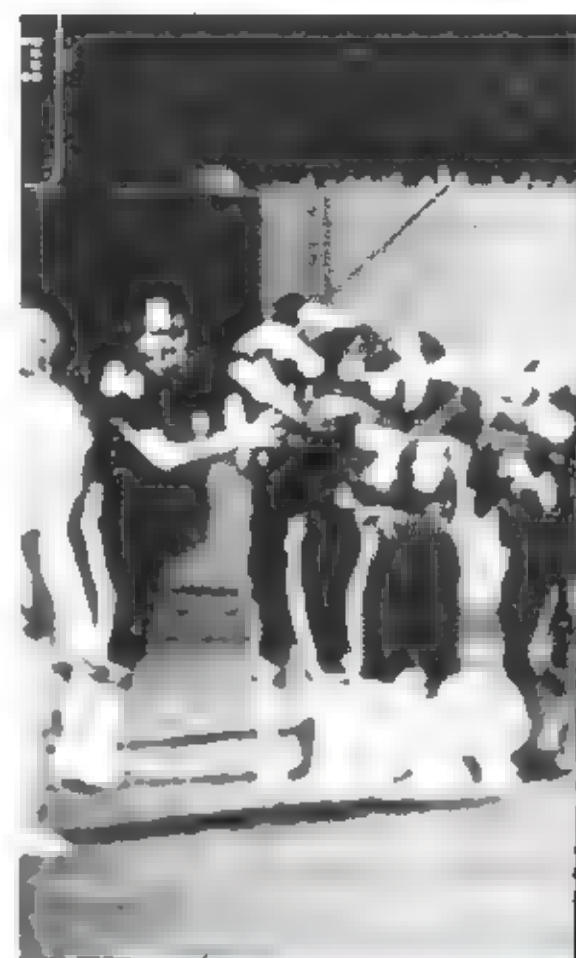

End of it all — Yellow Jackets Tim Neal (#48), Jeff Hales (#82), Greg Jackson (#20) and Craig Blanton (#10) gather to shake hands with the Sherman

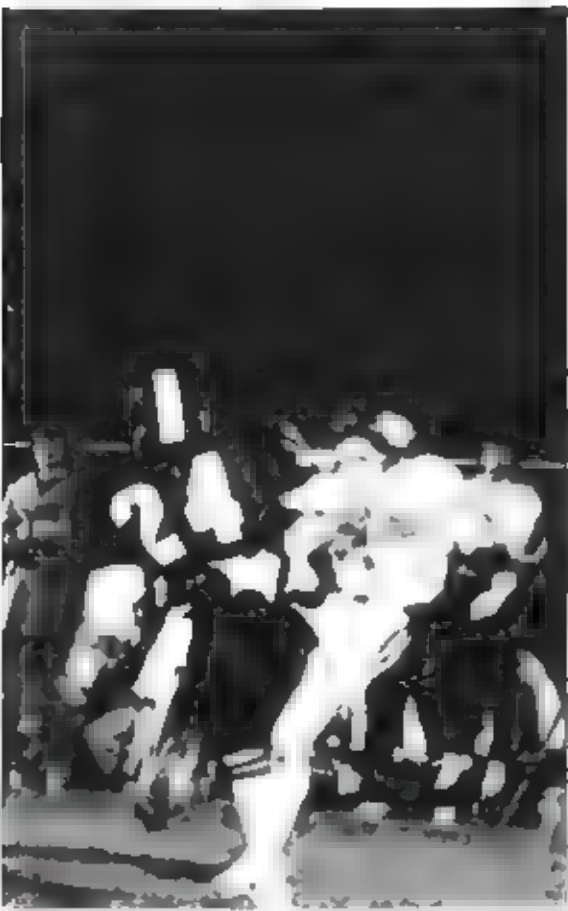

Bearcats after winning the last game of the season. The score was 28-10.

Smart defensive thinking — Brett Armstrong (#70) makes a good defensive play with the assistance of (#36) Gary Sheilds. The Jackets played well together and improved their overall record from the past few seasons.

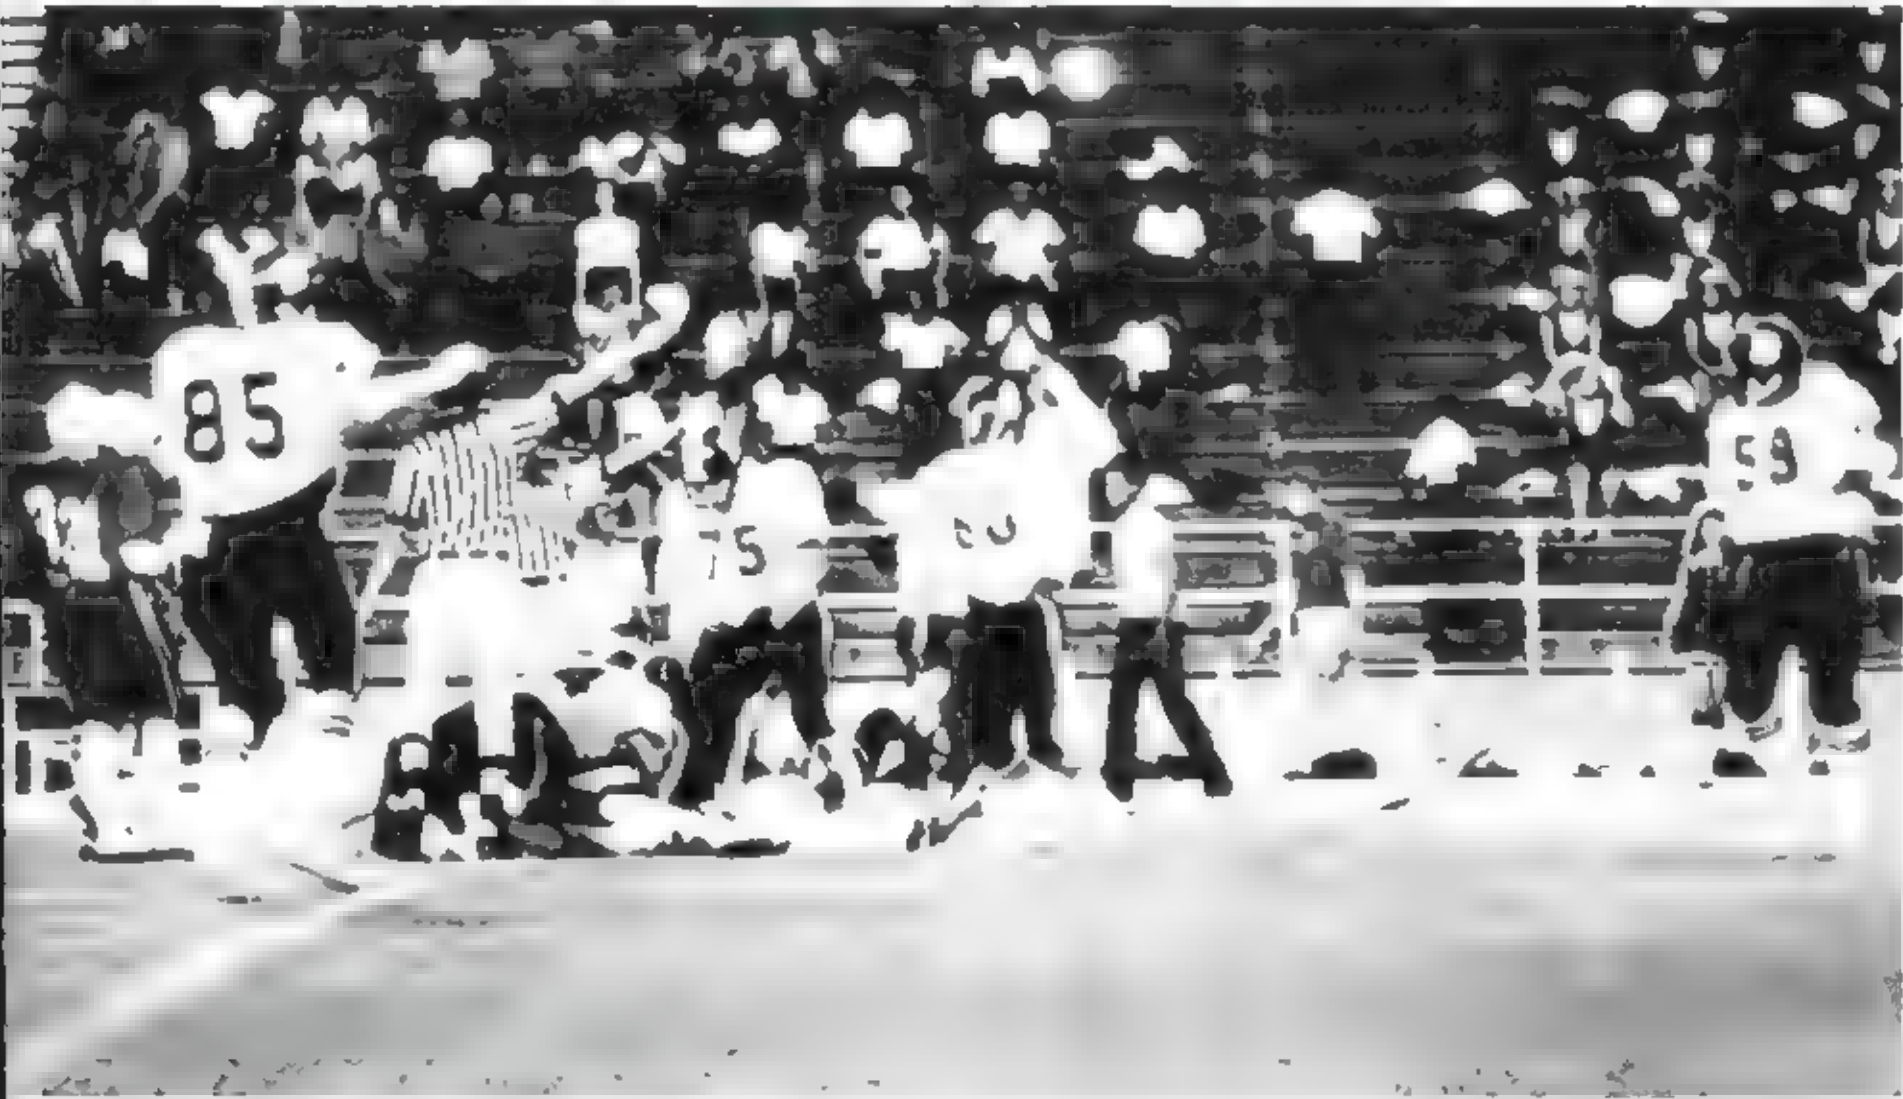

Good Job — Danny Christman (#84) and Brett Armstrong (#70) congratulate teammates while Greg Jackson (#20) leaves for next play.

Gotcha — Leslie Dehorney (#24) of the Denison Yellow Jackets got the ball, got a touchdown and got his opponent.

5, 4, 3, 2, 1, Kickoff — Steve Daughtery (#34) receives the snap and places the ball as quickly as possible so teammate Johnny Tarver (#12) can prepare to kick off to the other team.

Pleasing Play — The officials call the play in Denison's behalf and Yellow Jackets David Hollingsworth (#85), Jerry Rembolt (#75), Joe Clapp (#60) and Reggie Cameron (#58), are happy with

their decision. David and Joe raise their hands with the officials to let the other team know the call was for them.

Defensive Star — Willie Houston (40) returns an interception against opponent with the helpful eyes of Jerry Grimes (80) and Kevin Phillips (44).

At last — Coach Criswell with Corky Bowling, the last Denison coach to win the axe.

We Got the AXE

We got the axe! We got the axe! This was the cry which rang out long and loud from Denison after the Jackets beat the dreaded maroon and white Sherman Bearcats for the first time since 1968.

In the thirteen years since 1968, the Jackets lost 12 times and tied once with the tie coming in 1980. This winless streak was the longest for either school in the 65 game series which began in 1912.

Sherman won that first game in 1912 by a score of 13-6 and went on to win the first seven games of the series. The first Jacket victory came in 1922 when the black and gold prevailed 19-5.

Denison's longest undefeated streak during the series was eight games from 1941-48. However, they tied three times in that string. Since then the most dominance a Denison team has held over a Sherman team was from 1963-68 when Denison won five of six games. 1968 was the last time Denison won before 1982 and that year they won only two games during the season.

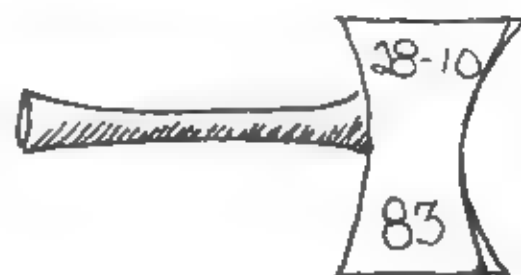

Overall, the Bearcats led the series 42-17-6.

In 1949, Jack Barker, a local businessman, donated the Jack Barker award, a large piece of metal with a

wooden handle, better known as The Axe. Since then, the Denison-Sherman game has been magnified by this trophy to such a degree that whole school weeks have been devoted to raising spirit for this game and seven or eight thousand fans have packed Munson and Bearcat Stadia to view the event.

In the early days of the rivalry, the game was played on Thanksgiving Day and drew large crowds from North Texas and some parts of Southern Oklahoma.

Although the Sherman Bearcats was the first winning team of the two rivals to appear on The Axe, (they beat the Denison Yellow Jackets 13-7 in 1949.) The Axe has found its way back to Denison. Remember the year "1982."

Winners — Brett Armstrong and Tim Neal happily clutch The Axe.

Long awaited — Dr. Bill Jacobs and Marty Criswell hold the axe. A happy principal, Tom Parris accepts this welcome addition to the trophy case.

Happy Crew — Coaches Jim Brooks, Ty Combstock, Marty Criswell, Marvin Sedberry, Warren Trimble praise axe.

With Axe — Mike Bardwell, Becky Listvan, Gina Barnhill, Brett Armstrong and Tim Neal.

We got it — A fraction of the varsity football team holds the axe with pride. Glad the axe is back in Jacketland.

School Pride — Jerry Grimes and Lori Jacquinot show off axe.

High Stepper — Ray Taylor (25) dodges people all over the field in the Denton game. Scott Skelton (61) is on the lookout. The junior Jackets started the

year with a 31-0 win over R.L. Turner behind three touchdowns by running back Anthony Byers.

Take it away — Quarterback Ronny Crouse hands off to Taylor (25) who gets blocking from z-back Ray Wilson (83) and others (top picture). Crouse punts to Plano while Gary Don Wright (8) protects Todd Gaines (41) and Donald Parker (7) race down the field to block for the JV

Good yardage — Taylor sweep for a nice gain against Wichita Falls High.

JV Learns From Experience

The 1982-83 JV Yellow Jackets started out the new season with a 31-0 victory over R.L. Turner. The team was coached by an all new coaching staff consisting of Head Coach Jim Clark, and Assistant Coaches Mark Howeth and Lanny Pettit, and trainer Scott "Doc" Hess.

"Doc" Hess credited the success of the 1982 Yellow Jackets to Coach Marty Criswell and his implementation of a vigorous off-season conditioning program. During the season the players lifted weights three days per week and ran every day.

All of the coaches felt the players gained experience from this season. "We learned several valuable lessons. First, we've got to prepare more in our off-season. Second, we learned that you've got to persevere through a situation. And third, I felt like we took a step closer to understanding how much effort it takes to achieve something you really want," stated Coach Howeth.

Coach Howeth described some of the JV standouts. Anthony Byers led the defense with three interceptions and ran one of them back for a touchdown. Donald Parker led the secondary in tackles and Fred Washington was the most consistent player. Scott Skelton changed back and forth from defensive end to linebacker and from offensive end to linebacker and was the most solid player. The most improved player was Kyle Perkins. These were a few of the outstanding players on defense.

The outstanding players on offense were Skelton, Washington who was the top receiver, and Byers who led the team in rushing. Byers carried the ball most of the time in the "I" formation.

Zapped — The JV was zapped by Adamson 20-0, but Coach Jim Clark saw bright spots and noted that the defense had improved a hundred per cent. Anthony Byers who had 15 carries for 89 yards in the game played great defense, the coach said.

Coaches Howeth, Pettit and Clark watch the play develop.

Practice or what: Angela Snell jumps to demonstrate the proper way to block, but where's the ball?

Jump high: Konta Thomas prepares to spike the ball as teammates Ruby Jackson and Marva Lewis watch

What a Block!: Lori Jacquinot jumps high and makes a beautiful block as teammates Dalphine Dawson and Konta Thomas help.

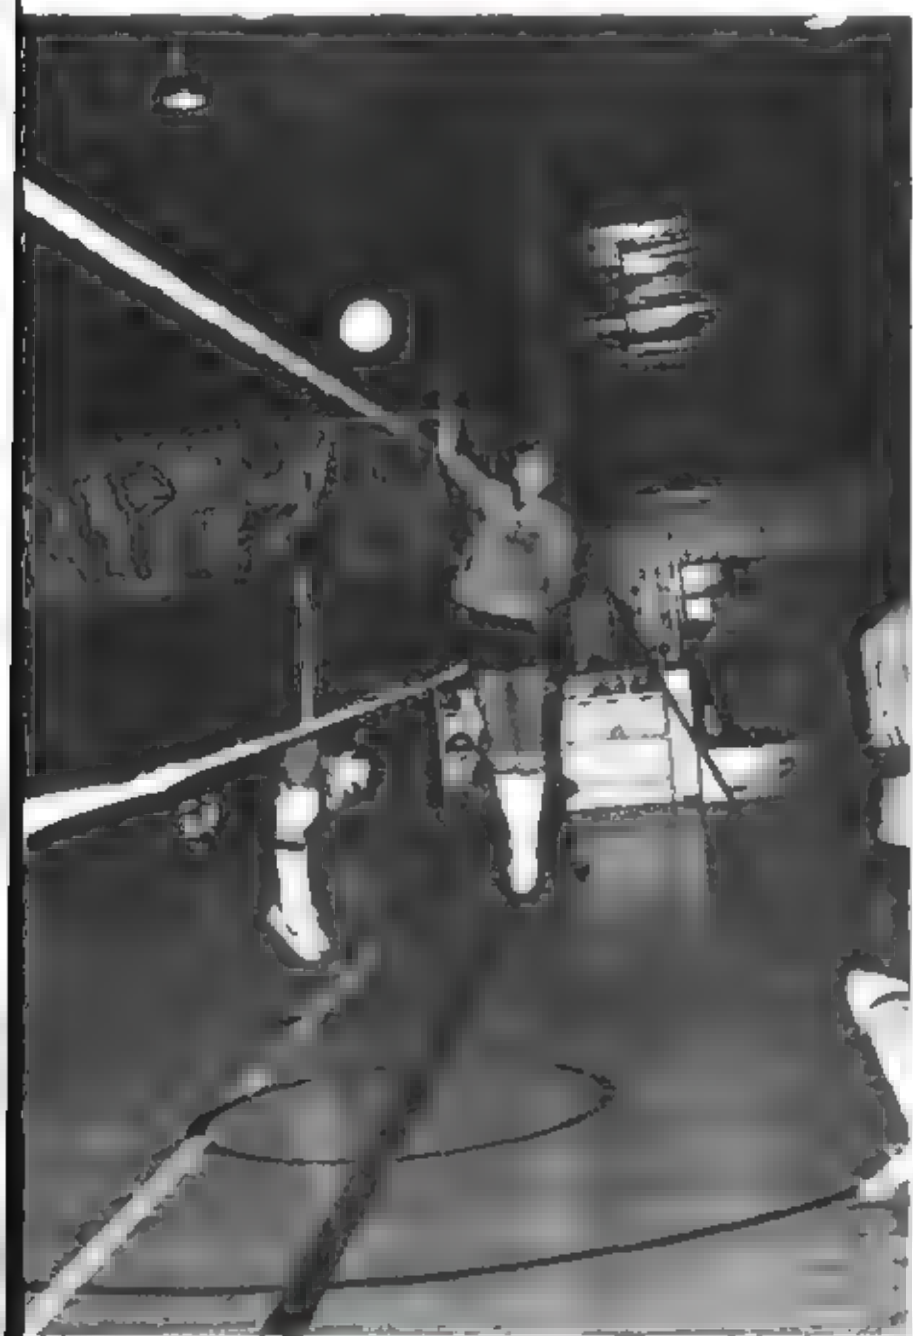

A Dink?: Shelia Penn appears to be dinking the ball with the watchful eyes of teammate Ruby Jackson.

Bump that ball: Konta Thomas bumps the ball to the front line so the setter can set it up for the spike. Konta received honorable mention in all district.

What a dinker: Marva Lewis dinks the ball as teammate Lori Jacquinot helps.

Double play: Lori Jacquinot prepares to dink the ball and at the same time her opponent prepares to spike. It's whoever jumps highest that gets the ball.

Watch out: Shelia Penn is fixing to spike the ball and when she spikes the opponent better be well prepared to pick it up or run.

Open Hand: Angela Snell dinks with an open hand. This dink is very touchy where the referees are concerned, the fingers must connect with the ball just right. Most of the team can handle it.

Not Always Perfect: Angela Snell spikes the ball well but everyone makes mistakes. The ball went into the net. Dalphine Dawson, Konta Thomas, Shelia Penn and Marva Lewis lend a watchful eye.

What a Team: Lori Jacquinot bumps the ball while teammates wait to see who gets the next hit.

The Denison Lady Yellow Jacket volleyball team did very well this year. Lady Jackets had a 5-2 win-loss record on the season and ended district play with a 3-3 split. The Jackets were also entered in two tournaments (Bonham and ETSU) and did well in both.

In November all-district volleyball teams were announced. Volleyball players Sheila Penn, Lori Jacquinot, Angela Snell, and Konta Thomas, were awarded honors in all-district volleyball. These honorees were chosen by coaches of the district teams.

Senior Lori Jacquinot playing on the all-district second team was happy to receive the award for her second time to be honored in all-district. Lori a three year letterman for the Lady Jackets said, "It was a real experience playing for the Jackets my three years during high school

but this by far was the most difficult and trying of the three. I could have played better at times, but considering the circumstances I was pleased with my overall performance."

Senior Sheila Penn, a three year all district winner was announced "Best Hitter," and is on the first team. Sheila's honor also represents best spiker for the year.

Angela Snell, Junior, also made it to the first all-district team. This is her second consecutive year in all district.

Konta Thomas, Junior, was presented with an honorable mention. "It was a lot of hard work" Konta said.

Although Denison will be losing half of their starting lineup and their coach as well, the girls who return next year will have a knockout team. Other players for varsity include Marva Lewis an outstanding setter for the Jackets, Ruby Jackson and Dalphine Dawson.

I got it: Diana Henry goes down on her knees to pick up the ball while Diane Griggs helps.

J.V. Lady Jackets

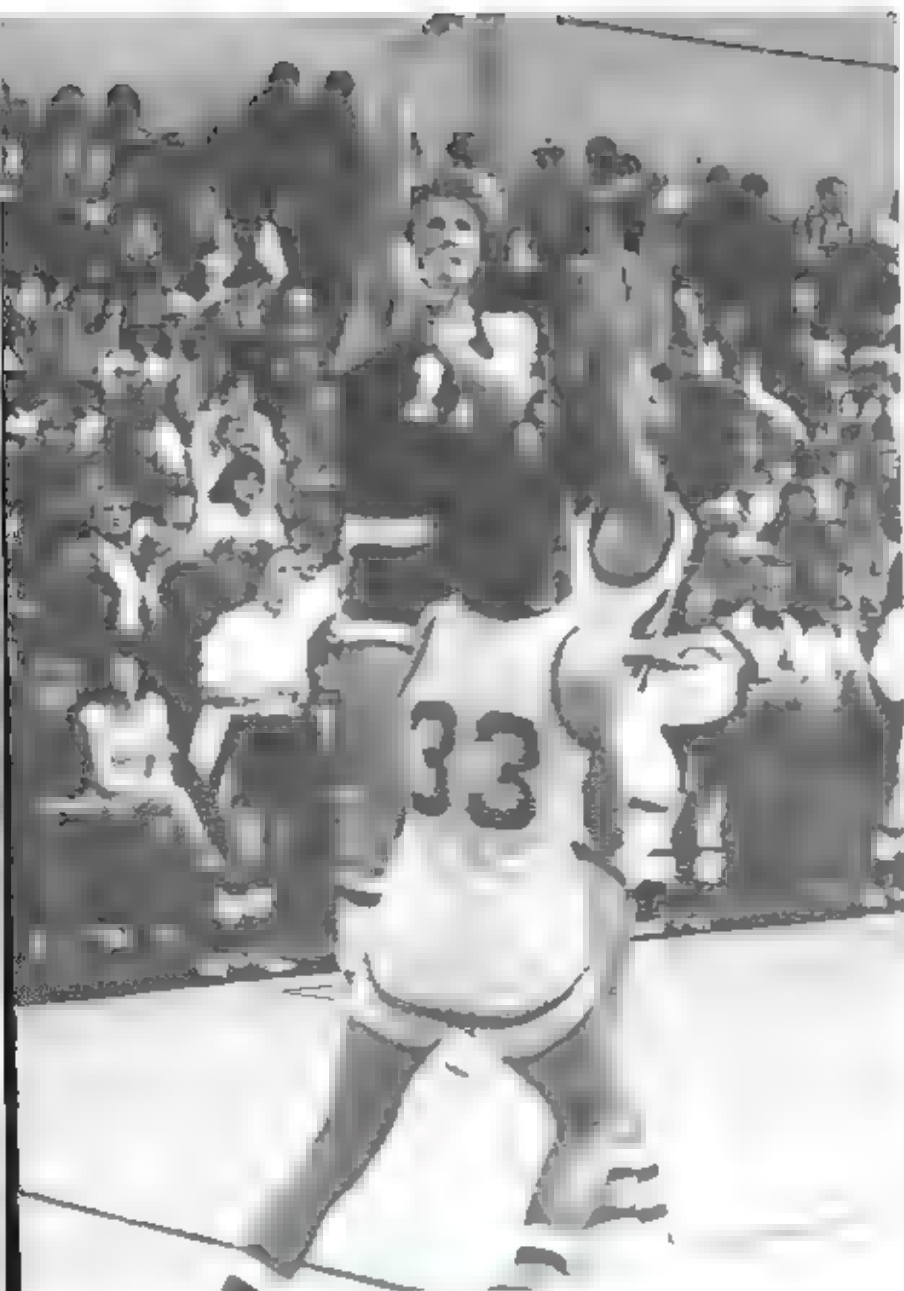

The Junior Varsity Lady Jacket Volleyball team was quite a surprise this year. The J.V. netters pulled it together and played well as a team. Although the Junior Varsity was not able to defeat the Sherman Bearkettes as did the Varsity Volleyball team, the J.Vers played a good game, their coach Ann Macfarland said. The top server was Diana Henry against the Bearkettes.

Scott Brasfield took the loss to drop his season record to 6-5, and 5-2 in district. He was touched for six hits while striking out six and walking two.

Defensively the Jackets were their own

worst enemies as they committed five errors, allowing three unearned runs.

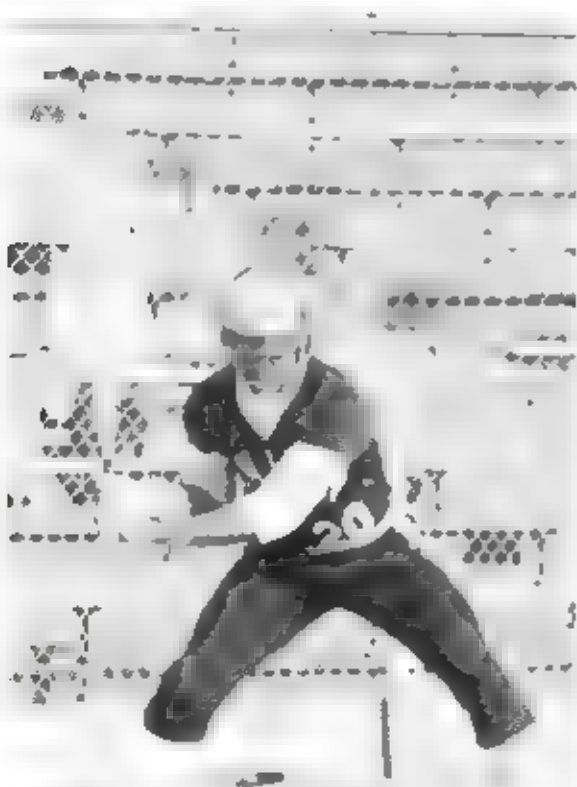

The Jackets offense never got going as they picked up only three hits on the night. Todd Coleman got one double in three trips to the plate, while Kevin Galyon and Tim Neal each hit singles in three and two trips to the plate, respectively.

All in all, the Jackets had a really rough night.

Here I go — Todd Coleman heads for home and it looks like Coach Comstock is right behind.

Ready or Not — Here comes Kevin Wilson. He's going to steal third base.

Did they do it? — Craig Blanton (#20) on the pitcher's mound works with Mike Guthrie, (#26) first

baseman for the pick-off at first. Craig and Mike both made the second all district team.

What a Hit! — Gary Clay (#12), who plays right field for Denison, hit the ball so hard his opponents' catcher and the umpire watch in amazement.

What do you think Coach? — J.V. and assistant varsity coach Mark Howeth watches the action.

Here goes everything — Craig Blanton goes for the pick off at first base, as third baseman Todd Coleman looks on.

Well did he? — After the attempt at a pick-off, Craig Blanton looks disgusted.

Team time — Time for a team talk. Gary Clay (#12) looks particularly interested in what Coach Howeth (#9) says.

Coach Ty Comstock — goes to the mound to talk to Craig Blanton as Todd Coleman returns to third.

Good Scoop — Shortstop Scott Brasfield scoops up the ball and prepares to attempt the throw out at first base.

There goes — Brasfield made the throw to first and the runner was out.

Jacket Netters Have Successful Season

Members of the tennis team are: Seniors — Carla Denison, Keith Muldrew, Jeff Nicholson, Terri Nicholson, Anne Shields, and Jerry Wright. Juniors are Lisa Johns, Gerald Mc Aden, Mike McKinney, Tuomas Puotiniemi, Christy Reinert, and Theresa Tillman. The team won second

place at the Trinity Team Tournament and the Denison Spring Tournament. Anne Shields and Carla Denison placed first in doubles. These two, out of 32 teams, made it to the quarter-finals. Jerry Wright and Jeff Nicholson made it to the semi-finals.

Season Records

Carla Denison — 17-10

Anne Shields — 18-8

Terri Nicholson — 10-10

Lisa Johns — 10-10

Theresa Tillman — 8-8

Christy Reinert — 7-9

Keith Muldrew — 15-11

Jerry Wright — 18-10

Jeff Nicholson — 9-14

Tuomas Puotiniemi — 7-13

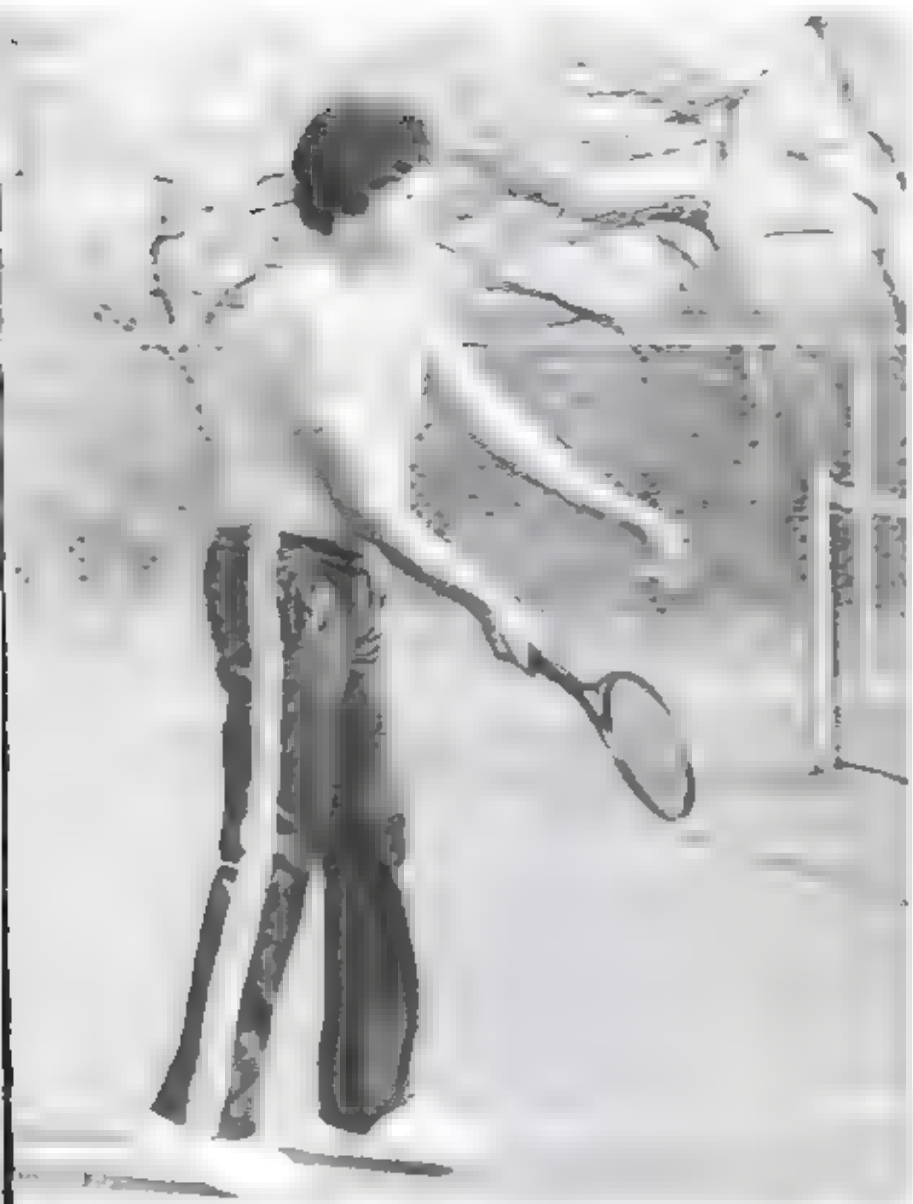

Gerald McAden — 4-11

Mike McKinney — 4-8

Just one more picture — The senior lettermen pose patiently for their picture. In the Back Row, Left to Right: Keith Muldrew, Jerry Wright, Jeff

Nicholson. Front Row: Anne Shields, Carla Denison, and Terri Nicholson.

Aim for my racquet — Jerry Wright, Senior, during a practice, at the Racquet Club, is anticipating his opponent's return.

Just a swinging — Keith Muldrew, a senior, appears to be just swinging his racquet. Actually, Keith is brushing up on his forehand.

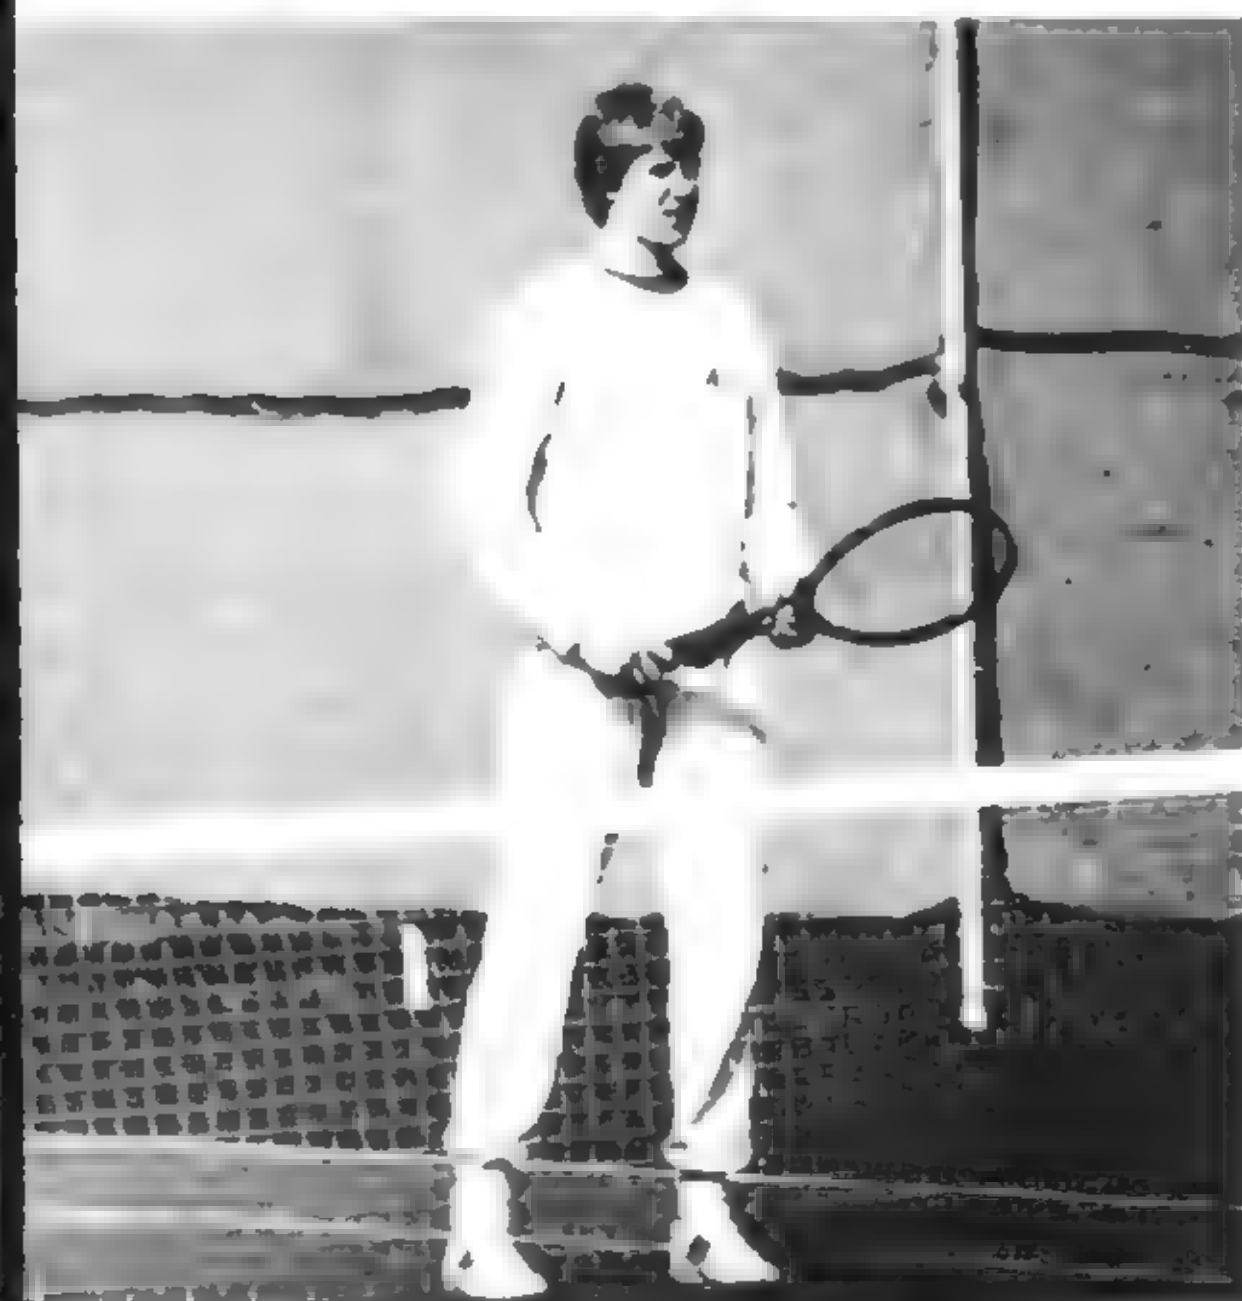

"You hit the coach again" — Jerry Wright and Jeff Nicholson, seniors, see something interesting across

the net. They are practicing for boys doubles game.

Practice Is the Key

Hit Away: Tennis Team Members : Christi Reinert, right, Keith Muldrew, below left, Lisa Johns, bottom right, Anne Shields and Carla Denison know the value of practice. Shields and Denison won the doubles title in the Denison Outdoor Tourney.

Tom Adds International Air to Team

Tom Puotiniemi, a 6'5" exchange student from Helsinki, Finland joined the tennis team as part of his year's education in the United States.

"The team was pleased to have Tom choose tennis as his participation sport while in Texas," Coach Gail Ringness said.

"His best win was a doubles match with Jeff Nicholson against Sherman," she added.

Teammates enjoyed the experience of having Tom on the team and appreciated his height and "Killer Overhead."

Sports: A Look Back

Perhaps people will remember the 1982-1983 athletic season as a season that saw the return of the battle-axe to Denison after a 13 year absence, or as the season that held an undefeated JV Baseball team and a state playoff Varsity squad.

Indeed, we were strong in athletics this year. In Golf David Adams qualified for the All-District team by placing sixth in district competition. The linksters also won the Team Garland Tourney.

In volleyball Sheila Penn starred as Denison's "best spiker" and the team ended the season with a respectable 3-3 record.

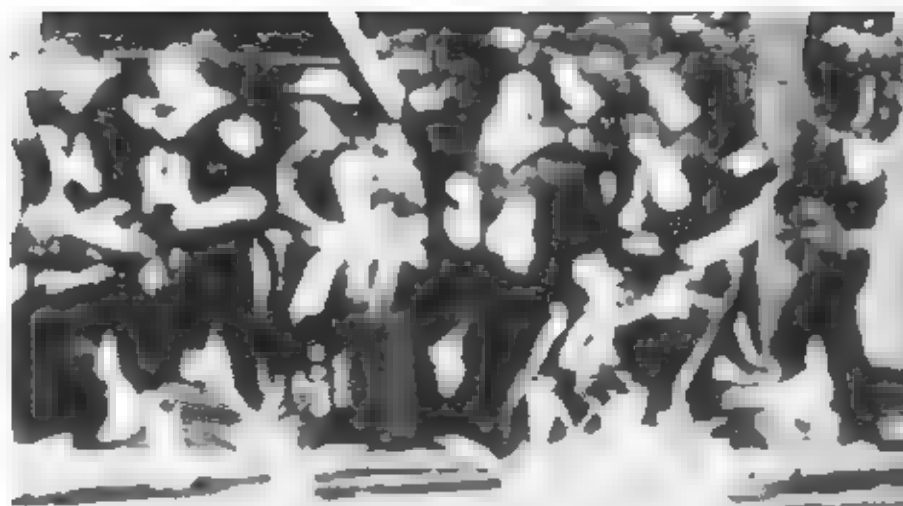

The tennis team had several wins throughout the year, including second place in the Trinity Team Tourney. Individuals were noticable, with Anne Shields and Carla Denison winning First place in Girls Doubles at our own tournament.

Coach Jim Clark's track team raced their way to regionals in the 1600 and 800 yard relays, and Vincent Moore had wins in both district and regionals in the high jump competition. In girls track Ruthie Wyatt had wins in regional and district track meets.

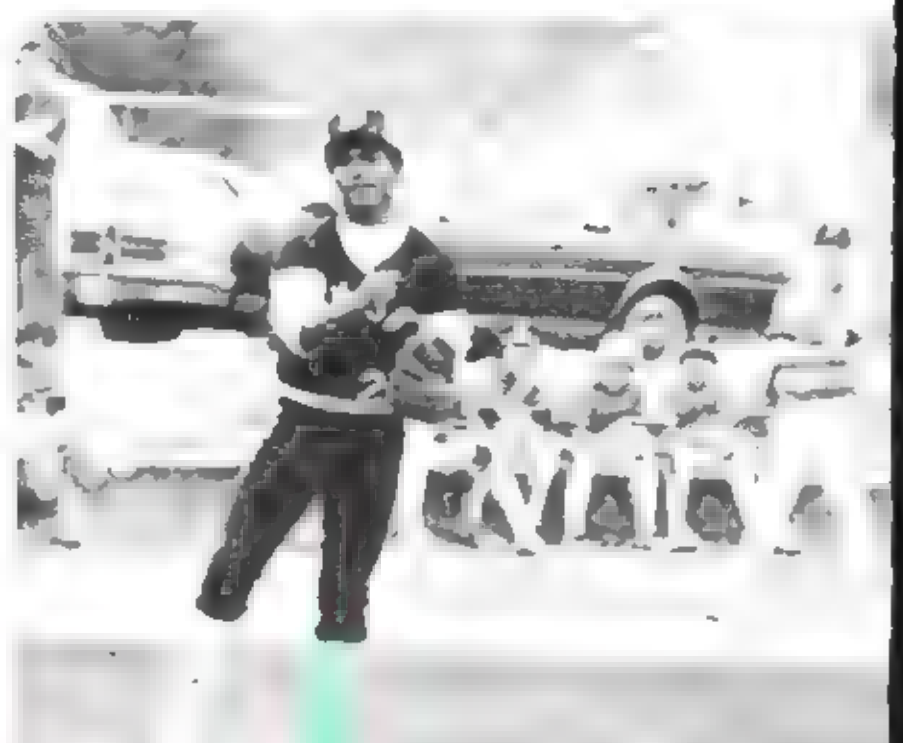

This years basketball team experienced difficulties as they fell to 12-14 season record. This year was a rebuilding one for the netters though, and the future of district 5-5A looks to be dominated by Denisons' hoopsters.

In football, Denison High was a school to be reckoned with by every team in the district. The Jackets finished with a 7-3 season record which was the best since 1967. Nine members of the Jacket squad were named to the all-district team. Quarterback Craig Blanton went on to excell in basketball and baseball for the Jackets.

Winning, that is what 1982-1983 was all about, and the students of DHS are always winners.

The Axe Is Back 1982-83

School Ends — We Are “On Our Way Up”

From the Editor . . .

As the year comes to a close, seniors go their own separate ways. Wherever they end up, they will always cherish this book. It is full of pictures, autographs, and memories of the people they grew up with, learned with, and loved. With the help of our yearbook, these memories can be carried through life until grey hairs take over and the pages yellow. This book was only possible because of dedicated students and faculty who saw how necessary a yearbook was. Thank you, everyone.
